# INTRODUCTION

At Jackson Construction, we recognize that every project is as unique as the vision and goals behind it. To help guide your planning, we've developed this cost guide tailored to Shreveport and Bossier—reflecting local pricing, market trends, and the level of quality our clients expect.

This resource is designed to provide clarity, set realistic expectations, and give you a deeper understanding of Jackson Construction's scope and expertise. Whether you're considering a residential remodel or a large-scale commercial project, this guide is your first step toward building with confidence.

# UNDERSTANDING YOUR INVESTMENT

Project costs naturally vary based on scope and the selections you make. The ranges provided reflect typical projects, but premium finishes, custom features, or combining multiple upgrades may increase the overall investment.

Ultimately, your choices in materials and design will guide the final price, ensuring your project reflects both your vision and expectations.

# JACKSON IN-HOUSE DESIGN

With over a decade of expertise, Jackson Construction's in-house design team has crafted everything from luxury kitchens and spa-like baths to custom outdoor retreats. Their mission is to take your vision and create a bespoke project that feels uniquely yours.

Every design varies based on scope and size, and while this guide highlights pricing ranges, the true value is in how we bring your ideas to life. By keeping design in-house, we streamline the process, ensure cohesion, and make the experience easier—so your dream project comes together seamlessly from concept to completion.

IN-HOUSE DESIGN TOTAL COST:

\$1250 - \$3,500+

## KITCHEN RENOVATIONS

At Jackson Construction, we believe the kitchen should reflect the way your household truly lives. Every family has different needs—whether that means space for gathering, accessibility for aging parents, or smart layouts for busy mornings. When we design and build kitchens, we look beyond the finishes to create a space that works beautifully for everyone in your home.

From custom layouts and cabinetry to lighting, storage, and flow, every detail is guided by your goals and lifestyle. Our in-house design team ensures that functionality and comfort go hand-in-hand with timeless style, resulting in a kitchen that not only elevates your home but enhances the way you live in it every day.
