Hopper Capacity	60/750	g
Dimensions h/w/d	622 x 252 x 328	mm

COMPAK EXTRAS

COFFEE HOPPER OPTIONS-

We understand that one size doesn't fit all and offer a full range of hopper sizes to accomodate. Whether you need a small hopper for a rare small batch or a large 1.8kg hopper with an edgy new look, we've got you covered.

1800G HOPPER- £70.00*

700G HOPPER- £0.00*

400G HOPPER- £50.00*

*cost to upgrade hopper options when ordering a new grinder. Refer to the parts list for additional hopper costs.

RED SPEED BURRS-

Our Aluminium Titanium Nitrate coated hardened steel burrs last upto 5x longer than steel. The harder material cuts better for longer with a low friction coefficient and reduced heat production, our Red Speed burrs are simply more efficient.

64MM +£160.00*
(Typical burr life 2250kg)

83MM +£255.00*
(Typical burr life 5000kg)

*cost to upgrade burr option when ordering a new grinder.

CUSTOM LOGO LED PANEL £ POA

Add your logo to our E6, E8 LLS and BOLT grinders. This seal of approval not only enhances your brand exposure and deepens the connection with your customers.

CUSTOM RAL COLOUR- £0.00

The world isn't always black and white, so why should your grinder be? We can customise your E-series or BOLT grinder with any RAL paint colour.... Dare to be different.

not available on i-Series grinders.
