

Budgeting Video Note-Taking Guide

The first step in creating a budget is

Evaluating your _____

The **10 - 10 - 80 Budget** breaks your income into categories:

10%

10%

80%

Let's follow the example. Ex. \$2,900. Monthly pay

How do you calculate 10% of net pay?

*Move the decimal point one space to the left.

10% of \$2,900. = _____

How much money was left for "**play money**"?
