Verification of Completion - WebAIM Training

This verifies that Danny Crumpton completed the Virtual WebAIM Web Accessibility Training held March 9-10, 2022. This training was comprised of 8 hours of instruction on how to make web sites more accessible to people with disabilities.

Curriculum included accessibility knowledge and techniques for:

- W3C's Web Content Accessibility Guidelines 2
- How people with disabilities access and use the web
- HTML, HTML5, and CSS accessibility
- Multimedia accessibility
- JavaScript
- Accessible Rich Internet Applications (ARIA) and HTML5

This verification does not constitute a certification or verification of skills or ability.
