

Welcome to

Jake's Seafood Co. was established in 1994. The restaurant was named in honor of a Siberian husky who sometimes answered to "Jake". We found Jake at an animal shelter. He enjoyed laying on the couch, eating and **RUNNING!** He was always willing to share his couch, provide that we didn't complain about the dog hair. Jake has long since passed but he is remembered everyday by the restaurant which bears his name. Next time you are looking for a furry addition to your family, we hope you will consider your local animal shelter.

We hope you enjoy your meal at our family restaurant!
The Prentice Family

Please be advised that during peak periods we are unable to make changes to our menu. Our goal is always to be attentive to special requests. There are however times, where even simple special requests slow the kitchen down to the point that the experience of other guests can be negatively affected.

We will always do our best to give our valued customers what they want, so please be understanding if we are not able

Shell particles are normally found in clams, shrimp, lobster and oyster meat. While we do our best to find them before you do, please accept our apologies if we miss one. Consuming raw or undercooked meats, poultry, or shellfish may increase the risk of food-borne illness. Especially in pregnant women and people with weakened immune systems.
