

Yell Holdco Limited financial report for the six months ended 30 September 2025⁽¹⁾

Solutions scale and momentum drives stable margins and leaner operations

Financial and operational highlights for the six months ended 30 September 2025

- Revenue of £45.9m, down 5.9% year-on-year, as planned legacy decline was largely offset by strong, continued growth in Solutions, which grew more than 2.5x to around a third of total revenue.
- Solutions growth and overall delivery efficiency support contribution margin of 73.2%.
- Adjusted EBITDA of £5.3m, down £0.4m year-on-year, with cost savings mitigating the impact of lower contribution and National Insurance increases.
- Trading operating cash flow of £0.5m, impacted by one-off restructuring costs. Resulting lean cost structure and margin resilience underpin improved cash generation potential as Solutions continue to scale.

⁽¹⁾ Delivered under the Indenture dated 2 May 2018, incorporating the first and second supplemental indentures dated 30 March 2022, governing the terms of the 8 %% Senior Secured Notes issued by Yell Bondco plc (the "Indenture").

Luke Taylor and Mark Clisby, Co-Chief Executive Officers, said:

"This quarter demonstrates the impact of our strategic shift, with Solutions now representing around one-third of total revenue year-to-date and growing strongly, achieving our ambition of offsetting what otherwise would have been a very challenging decline in the legacy directory business. That transition is underpinning a stabilisation in overall revenue and contribution as planned declines in legacy products continue.

We are a leaner, more efficient organisation, balancing operational rigour with the momentum we're seeing in Solutions. We continue to focus on both cost control and profitable sustainability and EBITDA less capex has improved by £0.5m from prior period reflecting disciplined cost control.

The continued growth in average customer revenue and expansion of our Solutions mix confirm that our model is working: fewer, higher-value customers choosing more comprehensive digital solutions. We enter the second half of the year from a position of stability and focus."

Non-GAAP KPIs are defined in Appendix 1. Revenue and adjusted EBITDA are equivalent to Digital Revenue and Digital EBITDA as defined in the Indenture.

Revenue & product contribution

Revenue decreased 5.9% compared to the prior period. We expect Yell platform and digital marketing services revenue to continue to decline as the majority of new, and some existing, customers purchase Solutions products. The move to Solutions has helped improve product contribution margin from 72.7% to 73.2%, although this is not yet sufficient to offset the decline in revenue and so product contribution in total is lower than the prior period.

Adjusted EBITDA

Adjusted EBITDA of £5.3m was down on the prior period, as the reduction in indirect costs did not fully offset the decline in contribution and cost increases from the government changes to real living wage and National Insurance thresholds.

Customers

Customer numbers declined by 16.4%, compared to 11.7% in the prior six-month period, in line with strategy to prioritise profitable, higher ARPA segments. The corresponding growth in ARPA (up 9.6% on the prior period to £1,777) reflects this strategic shift.

⁽¹⁾ Product contribution: Yell platform 99.7% (prior year: 99.2%), Digital Marketing Services 46.3% (prior year: 44.6%), Solutions 75.0% (prior year: 81.0%).

⁽²⁾ Customers acquired and lost are an aggregation of monthly changes in the customer base. Individual customers who take advantage of the ability to switch in and out of digital products from month to month could be counted as both an addition and a loss more than once during a quarter.

⁽³⁾ Monthly average in the last twelve months (LTM). LTM average digital customers 30 September 2025: 52.4k and 30 September 2024: 60.9k.

⁽¹⁾ Capital expenditure excludes incidental cots relating to leased assets.

Trading operating cash flow was a £0.5m inflow compared to a £1.2m inflow in the prior period. A reduction in working capital outflow and reduced capital expenditure was offset by higher restructuring (associated with achieving the cost reductions) and other payments and lower adjusted EBITDA compared to the prior period. A reconciliation of net debt is provided in note 10 to the unaudited consolidated financial information.

The Group has a £5.0m uncommitted overdraft facility with Barclays Bank plc. The facility ranks pari passu with the Senior Secured Notes, does not include any financial covenants, and was undrawn at 30 September 2025.

1. Basis of preparation and accounting policies

Yell Holdco Limited (the "Company") is incorporated and domiciled in England & Wales with its registered office at Davidson House, The Forbury, Reading, RG1 3EU. The Company is presenting the unaudited condensed consolidated interim financial information of the Company and its subsidiaries (the "Group") for the six months ended 30 September 2025.

The Group's principal activities during the period were the provision of digital marketing Solutions and services (including website production, search and display) along with Yell platform products, all of which empower small and medium sized businesses and consumers to connect effortlessly.

The Group's unaudited condensed consolidated interim financial information for the six months ended 30 September 2025 has been prepared under the historical cost convention and in accordance with International Accounting Standard 34 "Interim Financial Reporting" and does not constitute statutory accounts within the meaning of section 434 of the Companies Act 2006. The Group's unaudited condensed interim financial information should be read in conjunction with the annual financial statements of Yell Holdco Limited for the year ended 31 March 2025, which have been prepared under the historical cost convention as modified by the revaluation of financial instruments at fair value in accordance with international accounting standards in conformity with the requirements of the Companies Act 2006 as applicable to companies using IFRS.

The accounting policies applied are consistent with those of the Yell Holdco Limited audited financial statements for the year ended 31 March 2025, as described in those financial statements. The critical accounting judgements and key estimates are also consistent with those set out in the Yell Holdco Limited audited financial statements for the year ended 31 March 2025.

The unaudited condensed interim financial information for the six months ended 30 September 2025 has been prepared on a going concern basis. Owl Finance Limited, a direct subsidiary undertaking, and its subsidiaries are guarantors and obligors under the terms of the Indenture dated 2 May 2018 (and amended by the First and Second Supplemental Indentures dated 30 March 2022) governing the terms of the 8¾% Senior Secured Notes issued by Yell Bondco plc (the "Senior Secured Notes") (the "Indenture"). The Senior Secured Notes are not subject to any financial ratio maintenance covenants and are secured on the assets of Owl Finance Limited and its subsidiaries. The Company and Hartley Technology Limited are excluded as guarantors of the Senior Secured Notes, and the Senior Secured Notes are not secured on the assets of the Company or Hartley Technology Limited.

Management have modelled a severe but plausible downside scenario in which business performance fails to improve and revenue growth is not achieved. In this scenario, the Group would not default on interest payments on the Senior Secured Notes and retain sufficient liquidity to meet all its financial obligations for at least 18 months from the statement of financial position date.

The directors of the Company have considered the risks set out in the Yell Holdco Limited strategic report for the year ended 31 March 2025, and in particular, whether it is appropriate to prepare the financial statements of the Group and Company on a going concern basis and the adequacy of the going concern disclosures made within the financial statements. The directors have concluded that the Group and Company expects to have sufficient liquidity to meet its liabilities as they fall due for at least twelve months. Consequently, the directors have concluded that the going concern basis of accounting remains appropriate and that the financial statements do not require the adjustments that would result if the Company were unable to continue as a going concern.

8. Deferred tax

The presentation of deferred tax assets and deferred tax liabilities in the statement of financial position sets off deferred tax liabilities against deferred tax assets where they relate to income taxes levied by the same tax authority for which the Group has a legally enforceable right to set off current tax liabilities against current assets.

This note presents the current net deferred tax asset of £10.9m and the deferred tax liability of £2.7m on the statement of financial position offset, resulting in an overall net deferred tax asset of £8.2m as detailed below.

The Senior Secured Notes are governed by the terms of the Indenture, which does not include any financial ratio maintenance covenants and are secured on the assets of Owl Finance Limited, a direct subsidiary undertaking, and its subsidiaries. The Senior Secured Notes have an interest rate of 8.75% and are due to be repaid on 31 March 2027.

Owl Finance Limited and its subsidiaries are guarantors of the Senior Secured Notes. The Company and Hartley Technology Limited are excluded as guarantors of the Senior Secured Notes, and the Senior Secured Notes are not secured on the assets of the Company or Hartley Technology Limited.

The Group has access to a £5.0m uncommitted overdraft facility which ranks pari passu with the Senior Secured Notes, the facility does not include any financial covenants. The overdraft facility was undrawn at 30 Juen 2025.

The following table sets out the borrowings and total net debt of the Group:

13. Pensions

Yell Limited, which is one of the consolidated subsidiaries in these Group financial statements, operates a defined benefit pension scheme (the "UKPP" or "Plan") for UK employees employed before 1 October 2001 but the scheme was closed to future accrual from March 2011. Yell Limited also operates a defined contribution scheme for the remaining UK employees. They are the only material schemes in the Group.

The following amounts explain the movement in the pension surplus for the six months ended 30 September:

£m	2025	2024
Net surplus at 1 April	14.1	13.5
Movement in period:		
Net finance income	0.4	0.3
Administrative expenses	(0.2)	(0.2)
Actuarial loss	(1.0)	(0.3)
Net surplus at 30 September	13.3	13.3

The Plan was subject to a buy-in transaction in September 2022 through the purchase of a bulk annuity insurance policy with the insurer Pension Insurance Corporation plc, for the Plan's remaining uninsured pension liabilities. The buy-in transaction did not require the Group to make any cash contribution. An actuarial loss was recognised in other comprehensive income in relation to the buy-in in September 2022, representing the difference between the cost of the policy and the accounting values of the liabilities insured. Subsequent to the buy-in transaction, the Group and Plan entered into a back-to-back agreement whereby the Plan reimburses the Group for certain costs. Investment-related costs are recognised within the actuarial loss, and other costs are recognised within administrative expenses.

13. Pensions (continued)

The Group makes use of expert, actuarial advice in setting its assumptions in relation to the defined benefit pension scheme, as set out in the Yell Holdco Limited audited financial statements for the year ended 31 March 2025. Subsequent to the purchase of the bulk annuity insurance policy, the Group no longer receives quarterly actuarial advice, and instead makes use of the actuarial estimates and assumptions provided by the full actuarial valuation at 5 April 2021, updated to 31 March 2025. The unaudited, condensed, interim financial information relies on the information at 31 March 2025 to calculate the present value of defined benefit obligations and the fair value of plan assets.

14. Financial commitments and contingent liabilities

There are no contingent liabilities or guarantees other than those mentioned below or arising in the ordinary course of the Group's business and on these no material losses are anticipated. There are no capital commitments.

The Group is party to various contractual arrangements associated with the debt structure. The Group and its subsidiaries are in full compliance with the Indenture at the date of presenting this financial information.

No material losses are anticipated on liabilities in the ordinary course of business.

15. Non-controlling interest

During the period the company acquired 75% of the ordinary share capital of Hartley Technology Limited, a UK incorporated company. The non-controlling interest's proportion of net assets as at 30 September 2025 amounted to £0.2m.

16. Controlling entity

Yell Holdco Limited is the ultimate holding company of the Group.
