

APPROVED DONOR DAM REGISTRATION APPLICATION

This form is to be used when a dam is to become an Approved Donor Dam which enables all herds to register calves, whether born via AI or sale of embryos from a dam registered with the Australian herdbook.

Please read Clauses 2.2 and 5.6 of the ALBS Regulations, available from the ALBS website, before proceeding.

I, (Applicant Name) _____ of (Member ID).....

apply to have the following registered with the Australian Limousin Breeders Society Ltd (ALBS) as an Approved dam.

Animal Name•.....Registration Number.....

To support my application, the dam has:

- At least 100K SNP test on file
- Been Sire or Parent Verified by a DNA test

Animals will not be granted registration until all the above are received and the required fee is paid (see current fee schedule).

By signing this agreement as a financial member of the Australian Limousin Breeder's Society, I am confirming that the sire listed in this application conforms to the standards specified in the ALBS Regulations. I understand that should this sire be in breach of any regulations, at any time, ALBS reserves the right to withdraw its unrestricted status and/or registration without notice.

Signed _____ Date.....
