

## **Oceanside 99 NO PET Policy**

Oceanside 99 adheres to a NO PET Policy. Service Dogs meeting the Federal statutes and Emotional Support Animals meeting the Florida Service Animal statutes are the only exceptions to the No Pet Policy. It is recommended that requests with supporting documentation, as stated in the Federal and Florida Laws, be submitted in advance for review prior to arrival.

Supporting information would include:

(1) Service Dogs (ADA)-licensing, registration and current vaccination record per your residence's local requirements.

(2) Emotional Support Animals (Florida Statute 760-27)-a valid Emotional Support Animal letter will be signed and dated by a licensed professional practitioner. It is recommended the letter be current. The letter should also contain the professional's license number and contact information (telephone number, and address) so that third parties can verify the authenticity of the letter and that the professional is actively licensed in their field. Additionally, include a current record documenting licensing, registration and vaccination of the animal per your residence's local requirements.

Thank you:  
Oceanside 99
