

ABOUT LANDMARK CHRISTIAN ACADEMY

Landmark Christian Academy is a ministry of Landmark Baptist Church and provides a traditional Christian education for students in 3 year old kindergarten through 12th grade. We are accredited through the American Association of Christian Schools and are certified by the Kentucky Department of Education.

We exist to assist parents in the God-given responsibility of educating their children and training them to love God first and to live productive, godly lives of service for His glory. And it is our desire to fulfill that responsibility both in our fulltime student body as well as in support of those pursuing a Christian education in a home school environment.

LANDMARK CHRISTIAN ACADEMY'S HOME SCHOOL COLLABORATION PROGRAM

Educating with
excellence

ABOUT THE PROGRAM

In support of our mission, we are making high school classes available to home school students on a per-class basis through our Home School Collaboration Program. Students are able to receive affordable in-classroom instruction for more advanced or specialty subjects, while maintaining a flexible schedule.

The classroom experience can help students further prepare for a college environment and routine, while small class sizes allow for real-time access to trained, experienced instructors. Enrollment in additional tutoring is also available outside of scheduled classes, for an hourly fee.

Enrollment is available in the following 7th-12th grade classes:

- Maths (Intermediate Math, Pre-Algebra, Algebra I and II, Geometry, Calculus)
- Sciences (7th and 8th grade Sciences, Physical Science, Biology, Chemistry, Physics)
- English
- History
- Speech*
- Keyboarding*

*One-semester classes

HOW IT WORKS

Students attend their classes daily, and if they are taking more than one class, they can remain on campus between classes to attend study halls and work on their other studies.

FACTS, the school's online information portal, allows parents and students to have constant access to grades, assignments and general school information.

All enrolled students can attend LCA chapel services, participate in choirs, enroll in piano lessons as space and schedules permit. And, students meeting the TACS requirements as a Satellite Home School, can participate in the annual TACS Fine Arts Competition.

Additionally, any student who is a member of Landmark Baptist Church or is enrolled in at least two classes may also participate in LCA athletics.

PROGRAM COSTS

Costs include annual registration and administrative fees as well as the cost of the FACTS portal access and required textbooks.

- One class: \$650 (\$325 for single-semester classes)
- Two classes: \$1200
- Three classes: \$1500

With our 10-month payment plan, that's only \$65 per month for the first class.

ADDITIONAL OFFERINGS

- Sports fee: \$125 annual fee
- Choir: \$50 annual fee
- TACS fee: \$8 per event entered
- Piano lessons: \$65 per month
- Tutoring: \$20 per hour

PROGRAM PARTICIPATION REQUIREMENTS

As with all of our students, admission is subject to an interview, and students will be required to take an entrance exam to determine class readiness. All students must read and sign the school's Standards of Conduct, committing to abide by those standards.

Male students are not required to wear uniforms but will need to wear blue or khaki pants with a collared, solid-colored shirt with no writing. Female students will be required to wear uniform skirts from Shaheen's Department Store, but they can pair those with a loose-fitting, solid-colored shirt with no writing.
