

How to Install (Scan Center - Premium)

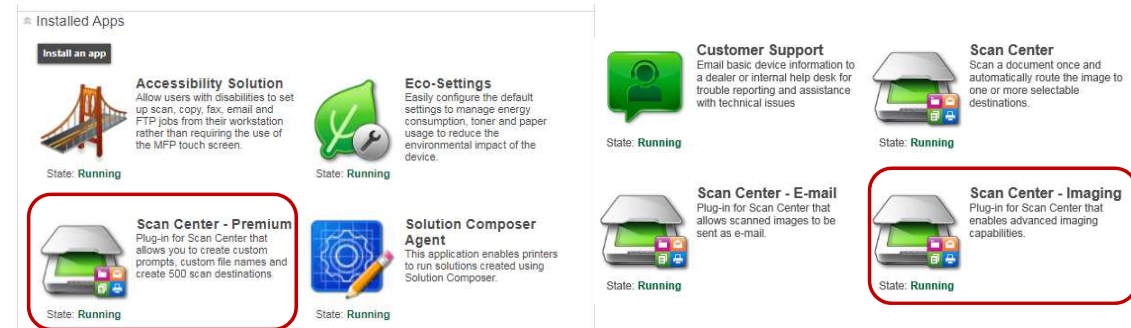

1. Download the Apps and store your PC.
2. Open a web browser, type machine IP address in the address field.
3. Click “Apps”, and “Install an app”.

4. Click “Browse”, and select “ssa_imaging_xxxxx.flc” file then install. Then select “ssa_premium_xxxxx.flc” and then install. The installation order is not specified.

- 5-1. When two files installation succeeds, the “Scan Center - Premium” icon and “Scan Center Imaging” icon appear on the machine web page.

- 5-2. Even if “Scan Center - Premium” is installed, the icon doesn’t change on the Advanced Mode. Some features are automatically added to the “Scan Center”.

Scan Center – Premium Overview

Scan a paper document and send the data to two or more destinations including e-mail, Fax, network folder, and/or printer.

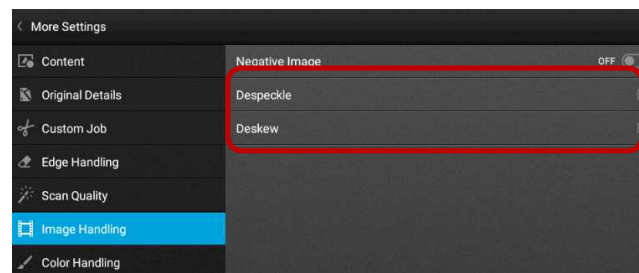

Up to 1,000 destinations can be set. Other additional settings are shown as follows.

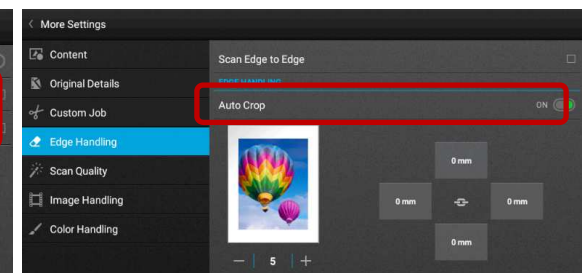

Preview All Pages

In the case of preview, users can edit pages as above. Users can delete unnecessary pages, add new pages, and/or change, **“Auto Crop”**, **“Despeckle”**, **“Deskew”**, **“Darkness”**, and/or **“Contrast”**.

Users can set **“Despeckle”** and/or **“Deskew”** at Image Handling before scanning.

Users can set **“Auto Crop”** at Edge Handling before scanning.
