

NAME SUMMER PROJECT

COLLEGE | APPLICATION REQUIRED
INTERNATIONAL

May 24 - July 17, 2027 | \$5,700 per person*

**prices subject to change*

Over 614 million people live in NAME. With less than 1% being Evangelical Christians. The people in NAME are lost and are looking for something, and the only thing that will fill them is the good news of Jesus Christ. We will be serving in a NAME country for eight weeks, working at an English center and leveraging the relationships as a starting point to enter into pockets of the community with the Good News. The country we will serve in has a high refugee population, which means that the work we do has great potential to bring the Gospel to a number of people groups who are considered unreached. As we go, we will be connected to the work of existing, ongoing work, so our efforts will be a key part of their long-term Kingdom strategy.
