

TORONTO, CANADA ADULTS TRIP

ADULTS

INTERNATIONAL

Fall 2027 | \$1,700 per person*

**prices subject to change*

This trip offers you an opportunity to experience the global mission field firsthand, explore the diverse cultures at universities across Toronto, and share the gospel in a unique urban setting. By working with local ministers, you will embark on a transformative journey to convey God's love and hope. Celebrated as one of the world's most diverse cities, Toronto attracts people from around the globe, including regions often inaccessible to missionaries. Many ethnic communities maintain their languages, cuisines, customs, festivals, and religious practices. The greatest problem in Toronto is lostness, and the solution is the gospel. Thank you for being willing to partner with us in taking the gospel to the nations here in Toronto.

Exposure: You will have an opportunity to gain a glimpse into world missions by spending time in diverse places of worship, eating ethnic foods, and connecting with people from around the world who have made Toronto their home. You will also hear from missionaries focused on reaching specific people groups such as Persians, Chinese, Arabs, and others.

Engagement: Your team will partner with local church planters, getting firsthand experience of ethnic church plants and worshiping alongside people from different cultures. You will also partner in student engagement on campuses around the GTA as university students start the new year of school.

Experience: You will have the opportunity to experience some of Toronto's top attractions, including the CN Tower (1,815 feet high), Niagara Falls, and Lake Ontario.

Evangelism: The core of the trip is focused on gospel proclamation. You will have the opportunity to share the gospel cross-culturally by partnering with local ministry leaders working to reach university students with the gospel. This will include being on campuses, handing out welcome packets, and talking to students with the purpose of sharing your faith.

Requirements: You need a current passport that doesn't expire within 6 months of the travel date.

Immunizations: (Refer to the CDC.gov website for recommendations.)
