

TORONTO SUMMER PROJECT

COLLEGE | APPLICATION REQUIRED

INTERNATIONAL

May 24 - July 17, 2027 | \$4,000 per person*

**prices subject to change*

Celebrated as one of the world's most diverse cities, Toronto attracts people from around the globe, including regions often inaccessible to missionaries. The people in Toronto are lost and are looking for something. We know that the only thing that will satisfy them is the good news of Jesus Christ. We will be staying in Toronto for eight weeks, working with the Send Relief team already there. During our time in Toronto, we'll have an opportunity to serve different people groups with the International Mission Board, the North American Mission Board, and Send Relief. Working with these partners, we get to be a part of both international work and church-planting work through evangelism, outreach events, and local churches.
