### ***Versalite Windows Achieves Platinum Level Accreditation***

Versalite Windows is proud to announce it has achieved Platinum Level Accreditation, the highest level of accreditation in the aluminium window and door industry.

This prestigious recognition is awarded only to companies that have demonstrated an outstanding track record of compliance, quality assurance, and industry excellence for a minimum of 10 consecutive years.

### ***A Significant Industry Milestone***

Achieving Platinum Level Accreditation places Versalite Windows among an elite group of manufacturers recognised for sustained performance and commitment to industry standards.

The accreditation reflects more than a decade of consistent dedication to compliance, manufacturing excellence, and reliable service delivery across residential and commercial projects.

For clients, builders, and industry partners, this recognition provides added confidence that Versalite Windows continues to operate at the highest level of quality and professionalism within the sector.

### ***Commitment to Quality and Compliance***

Business Development Manager Clayton Hobden said the achievement represents a major milestone for the business and its people.

"Achieving Platinum Level Accreditation is a reflection of the dedication and consistency of our entire team over many years," Mr Hobden said.

"It reinforces our commitment to maintaining the highest standards in everything we do and provides our clients with confidence in the quality and reliability of our products."

### ***Looking Ahead***

Versalite Windows continues to focus on delivering high-quality aluminium window and door solutions across a wide range of residential and commercial projects throughout Australia. The company remains committed to ongoing improvement, compliance leadership, and strong industry partnerships.

### ***About Versalite Windows***

Versalite Windows is a trusted Australian manufacturer of aluminium windows and doors, supplying high-performance products to builders, architects, and developers. With a strong focus on quality, compliance, and customer service, the company continues to be a reliable partner in the construction industry.
