

Adding the Web App to Your iPhone or iPad Home Screen

Follow these simple steps to place the Web App on your device's home screen so you can open it quickly with a single tap.

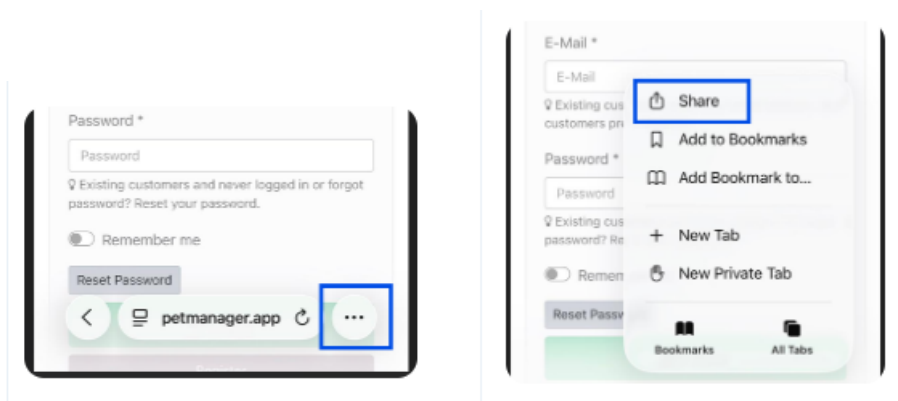

1. Open the Web App in Safari

Use Safari (the default browser on iPhone/iPad) to open the Web App link provided to you: [Customer Portal](#)

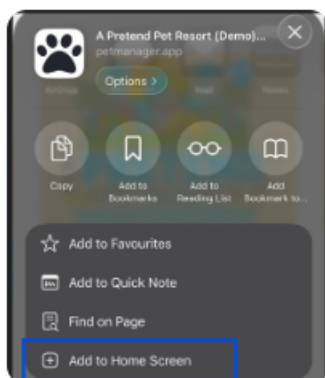

2. Tap the Share Button

At the bottom of the screen, tap the **Share icon** (a square with an upward arrow).

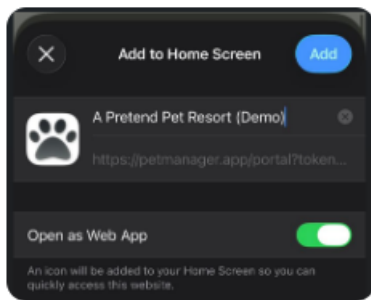

3. Select “Add to Home Screen”

Scroll down the list of options until you see **Add to Home Screen**, then tap it.

4. Confirm the Name

A preview will appear. You can keep the suggested name or edit it if you prefer. Tap **Add** in the top-right corner.

5. The Web App Appears on Your Home Screen

You will now see the Web App icon on your home screen, just like any other app. Tap it anytime to open the Web App instantly.
