ABOUT THE JOURNEYS

We are a Gospel singing group who travel and share their testimonies about raising a child with Autism. Donna traveled and sang with her family and other groups most of her life. Greg and Donna were married in 1991. Three years later, God blessed them with a son, Ben. At the early age of 2 1/2, Ben was diagnosed with Autism. Greg and Donna were devastated by the diagnosis and were told by doctors that Ben would not be able to communicate with them and would have a difficult time socializing and communicating with others.

As Ben grew, they both noticed that he was fascinated with music and any type of musical instrument. They fostered that interest by getting Ben instruments to play. Donna plays piano. She showed Ben chords on the piano and noticed Ben putting chords together and playing along as she sang with him. Greg and Donna continued to pray and seek God's will for Ben's life. The "journey" has been a long and challenging one, but God has blessed this family and blessed Ben with amazing skills, not only to play piano and keyboard for the group, but acoustic guitar, electric guitar, and he is also learning to play banjo.

Donna shared, "Our desire is to share our testimonies and music so that others may see what God is able to do and how He can use children and adults with special abilities. God is able to do anything and use anyone if we seek His will and stay faithful to Him! Ben is amazing and we are so proud of him and the miracles God has done in his life. We would be honored to share our ministry with your church or organization!"
