

WHAT IS PRIORITY OF SERVICE?

If you served in the Armed Forces, we are honored to meet your job search and training needs. Honorably discharged veterans and eligible spouses are afforded priority services in our system.

Priority of services means that your needs take precedence over other job seekers. Should you need personal one-on-one assistance while job seeking, a workforce staff member will be made available to assist you.

Priority of services also extends to processing times for programs administered by Workforce Solutions, such as the WIOA program. Your application will be moved to the top of our application waitlist and processed at an expedited rate.

For services available to you through the WIOA program, please see the inside of this brochure.
