|--------------------|---|
| ITEM NUMBER | 4.1 |
| TITLE | Conflict of Interest |
| REFERENCE | 1501366 |
| AUTHOR | Candice O'Halloran, Governance, Local Authority and Communication Officer |

**SUMMARY:**

This report is tabled for members to declare any conflicts they have within the agenda.

BACKGROUND

The Local Government Act details that “A member has a conflict of interest in a question arising for decision by the council, local board or council local authority, committee if the member or an associate of the member has a personal or financial interest in how the question is decided”. Chapter 7, Part 7.2 – Conflict of Interest.

GENERAL

A conflict of interest is a situation that has the potential to undermine a person’s ability to be impartial because of the possibility of a clash between the person’s self-interest and professional interest or public interest.

When this occurs the Local Authority Member should declare the interest and remove them self from the decision making process.

RECOMMENDATION

That the Local Authority:

- a) Notes no conflicts of interest declared at today’s meeting.**
- b) Notes any conflicts of interest declared at today’s meeting.**

GENERAL BUSINESS

| | |
|--------------------|--------------------------------------|
| ITEM NUMBER | 8.1 |
| TITLE | CEO Report |
| REFERENCE | 1500107 |
| AUTHOR | Dale Keehne, Chief Executive Officer |

**SUMMARY:**

This is a report of the key broad issues since the last report to the Local Authority, in addition to those covered in other parts of the agenda.

GENERAL

A lot of things have happened in the last two months since we last met.

Celebration of Regional Office Opening & Projects

Many other important Indigenous leaders were joined by Minister Selena Uibo to mark this special event. This included East Arnhem Regional Council elected Councillors, the Council President and Deputy President, the Chairs of each of the 9 Local Authorities, Indigenous Liaison Officers and many long serving Yolngu and Anindilyakwa staff from across the region.

The Chairs, Board Members and CEOs of all other significant Aboriginal Organisations across the region were invited along with senior officials from the Northern Territory and Australian Governments.

Wityana Marika led a traditional Bungal cultural ceremony reserved for such significant events.

The celebration of the launch of the new office was accompanied by the celebration of Council's commitment to spend over \$9 million dollars on 50 projects across all 9 communities of East Arnhem Land, as determined by the Council Local Authority in each community.

Bringing together of Yolngu and Anindilyakwan leaders from across the Local Authorities, Council and other Aboriginal organisations - is what East Arnhem Regional Council is all about. Being driven by the voice and decisions of the people of each community and their homelands, working in partnership and unity with others, to achieve the best for all.

Yolngu Partnership Agreement

The resolution of Council on its input to the 'Joint Submission' on the Indigenous Voice was not recognised by the Department of the Chief Minister and Cabinet.

Detailed input has been provided from the Council on a useful way forward to the Yolngu Partnership Local Decision Making process.

There has been valuable engagement with Laynhapuy Homelands, and Marthakal Homelands of the value of their direct 'local' governance and voice within the broader East Arnhem Regional Council regional structure.

Groote Archipelago Agreement

Council officers have contributed to the development of a comprehensive Terms of Reference and provided further information for an independent assessment Financial Assessment Report. The Terms of Reference have still not been finalised. The Department of the Chief Minister and Cabinet have advised that consultations with communities across the East Arnhem Region are planned to commence from 25 October 2021, following the outcome of Council and ALC elections.

The NT Government Local Decision Making Minister has made public statements strongly supporting that the de-amalgamation go ahead - before the independent report to assess the viability of the proposal has even started, or any community consultations have been held to consider the findings of the independent assessment, and whether communities actually support the de-amalgamation of Council.

National Advocacy on Key Local and Regional Issues

The Council delegation used the opportunity of our visit to the Australian Local Government National General Assembly to advocate and engage on a range of key issues, as detailed in attached the Media Releases and newspaper article (Attachments 1 to 5).

The key issues raised for support from the Minister of Indigenous Australians (NIAA) and the CEO of the National Indigenous Australians Agency were:

1. Commit to nationally consistent recognition of Indigenous Local Government Councils as Aboriginal controlled entities across Australia at all levels of Government. That is, where there is majority representation of both Elected Officials and Constituency of Indigenous Australians

This motion formally proposed by EARC was unanimously endorsed at the ALGA General Meeting.

Deputy President Djuwalpi Marika raised the motion for recognition of Aboriginal Controlled Council and talked through with Minister Wyatt how East Arnhem Regional Council is traditionally based, from the formation of its electoral wards on cultural lines, to the inherent respect for Clan Leaders and Traditional Owners. The Minister was advised about the recognition and respect shown by Council of each Local Authority, and the openness of Council to hear and support the voice of the Laynhapuy, Marthakal and other homelands.

The Minister reaffirmed that government is wanting to hear the voice of traditional cultural structures, and showed interest in the way Council does this and how that could be further deepened.

NIAA CEO Ray Griggs advised the Council delegation that he recognises East Arnhem Regional Council as a 'variation of the construct', of how to engage with the local and regional Indigenous voice, because EARC and other similar councils in the Northern Territory are Aboriginal controlled.

The issue of Council losing and missing out on a range of grant opportunities, was acknowledged. The Minister committed to assess the current criteria being applied. The recognition of Aboriginal Controlled Local Governments was put forward by Council as a straightforward way to deal with this problem.

2. Support the review by the Northern Territory Government of its Local Decision Making Framework Policy and Agreements, to be in line with the principles, partnerships, priority areas and actions within the updated National Agreement on Closing the Gap (unanimously supported at the General Meeting of the Local Government Association of the Northern Territory in April 2021), and upon approval, the more comprehensive and advanced Principles-based Framework for Local, Regional and National Indigenous Voice.

The Council delegation raised that there is significant confusion with the range of governance reforms that are being raised and discussed with community and homelands members, and that the different proposed approaches need to be brought together.

Alignment of the Northern Territory and Australian Government approaches with the Aboriginal Community Controlled Councils, will enable the most comprehensive, effective and unified approach to achieve real improvement for our communities and homelands.

These Indigenous Voice principles include the recognition of existing bodies and governance structures, building on existing capability, and a commitment to listen to all voices - traditional owners and leaders, the young, disabled and all others.

The proposed approach for a stronger Indigenous Local, Regional and National Voice being considered by the Federal Government, and its key principles, is aligned with the formal recognition of Aboriginal Controlled Local Government Councils, called for by the Australian Local Government Association National General Assembly, this week.

The NIAA CEO said that he is focussed on outcomes and does not care what the structure is. He wants genuine engagement with community and for government to change as needed to deal with what issues different communities raise.

In relation to the Local Decision Making agreement the NIAA CEO asked why the NT Government do not slow down and wait until there is more clarity on the way forward with the Indigenous Voice process, so we have a united and coordinated approach. Council expressed its strong support for that.

3. Select the East Arnhem Region as one of 6 Indigenous Voice Regions in the Northern Territory and 35 Regions across the nation, as proposed in the Indigenous Voice Submission from Council.

The point was put that Council this will provide the opportunity for all Aboriginal people from across Australia to benefit from the proposed Indigenous Voice process.

It will also allow all local voices to be heard at a regional then national level. The Laynhapuy Homelands, Marthakal Homelands have expressed their support for their respective local voices to be heard regionally through East Arnhem Regional Council, and other cultural based leaders and institutions could do the same.

We are united and stronger through Miwatj Health, and we should stay united and stronger through our Miwatj Council, East Arnhem Regional Council. We want to be one, not fragmented.

The Council delegation explained how the Anindilyakwa Land Council and other Groote Eylandt and Bickerton Island organisations would be able to express their strong local voice to the regional East Arnhem structure.

As Djuwalpi Marika said "I am following my blood. Council is the arm of the people of East Arnhem Land. We are working to bring empowerment to our Yolngu and Anindilyakwa

Yolngu of East Arnhem Land, and look forward to working with the two Balanda (western) levels of government.”

4. Start dealing with real and pressing issues, to get real achievements, through Indigenous Voice and Local Decision Making.

The Council delegation also raised the re-introduction of the legal sale of kava, its health effects, concerns, where and how it should be sold.

Minister Wyatt shared concerns with East Arnhem Regional Council on the re-introduction of kava into areas like the Northern Territory and Western Australia.

Genuine engagement with all communities and homelands on this very important issue would also set a valuable example of what can be achieved through the Indigenous Voice and the Northern Territory Government’s Local Decision Making policy.

The East Arnhem Regional Council raised that given the legal sale of kava is due to start from December this year – the consultation and engagement with communities will need to start very soon, for the voice of the people to be really heard and acted on.

Minister Wyatt committed to follow up the need for full and proper engagement to be initiated soon as proposed, including with Northern Territory Minister of Health Natasha Fyles, and Minister for Local Decision Making Selena Uibo.

Two other key issues were raised with the NIAA CEO as important and in need of being addressed. The first is the effective response to youth crime that is beyond the usual ‘tough on crime’ cycle and engages community elders and family and involved structural changes to government and justice system processes.

The other issue is the need to support real jobs, not prop up the failed CDP program.

5. Need for Increased Funding to Fix Road Damage from Heavy Wet Season

The NIAA CEO was asked to consider a post-wet season audit declaration process of road networks, that have sustained significant dilapidation from weather impacts. Road funding opportunities don’t reflect sessional effects across the Top End outside of declared events.

The CEO acknowledged this is a significant problem in need of a response and committed to put the Council in contact with relevant senior officials to pursue it.

Another roads based issue useful to raise is the value of direct funding from the Federal Government to Councils for greater outcomes, as money is not lost on the way through the respective state or territory government.

RECOMMENDATION

That the Local Authority notes the CEO Report.

**SUMMARY:**

The Northern Territory Government's Local Decision Making Policy and Program is now due to be reviewed, as it is almost three and a half years old, and there have been significant developments including the update of Closing the Gap that includes the recognition of the role of Local Government, the Indigenous Local, Regional and National Voice process, and proper recognition of Aboriginal Community Controlled Local Government Councils.

BACKGROUND

The Northern Territory Government launched its Local Decision Making Policy in February 2018.

All 17 Northern Territory Local Governments formally resolved at the Local Government Association of the Northern Territory (LGANT) General Meeting on 22 April 2021 to call for the formal evaluation of the Local Decision Making Program, including its alignment with the updated Closing the Gap and Local, Regional and National Indigenous Voice process, upon approval.

GENERAL

The Public Accounts Committee of the Northern Territory Legislative Assembly has now called an Inquiry into Local Decision Making. The Committee is asking for submissions from interested people and organisations on:

- 1) the progress, achievements challenges and future potential of LDM implementation across the Northern Territory.
- 2) how to foster community leadership interest in and commitment to new LDM agreements.
- 3) the impact of technology, Treaty, Truth-Telling and Voice on LDM developments.

Submissions are due by close of business Friday 13 August 2021.

Council intends to make a submission to the enquiry based on its experience over the last two to three years since the Local Decision Making policy was introduced by the Northern Territory Government to the region.

This will be based on the experience of Councillors, Local Authorities, communities and homelands through the Groote Archipelago Local Decision Making Agreement, the Yolngu Region Local Decision Making Partnership Agreement and the Workshop series to date, and the Djalkiripuyngu Commitment Agreement for Local Decision Making. The experience of community and homeland members of the range of other processes including Treaty, Empowered Communities, and more recently the Indigenous Local, Regional and National Voice, and how they link or do not link together, will also be included in the submission.

Council seeks your direct input as Local Authority members to help inform the Council submission to the Inquiry.

RECOMMENDATION

That the Local Authority supports a submission by Council to the Inquiry into Local Decision Making by the Legislative Assembly of the Northern Territory, with the incorporation of views provided by the Local Authority.

| ITEM NUMBER | 8.3 |
| TITLE | Mutual Respect Agreement - Northern Territory Police |
| REFERENCE | 1499792 |
| AUTHOR | Andrew Walsh, Director Community Development |

**SUMMARY:**

This report seeks to inform and establish a position from the Local Authority on the proposed Northern Territory Police Mutual Respect Agreement (MRA).

BACKGROUND

East Arnhem Regional Council and the Northern Territory Police have a long standing collaborative relationship, and have worked together on many matters to increase the safety of residents throughout East Arnhem.

In addition, the Northern Territory Police have a firmly established relationship with the Community Patrol program, and many other community programs. The Northern Territory Police actively work with Council and other stakeholders on various other community safety programs across the East Arnhem region.

GENERAL

The Northern Territory Police have contacted Council to become a signatory and party to the Northern Territory Police Mutual Respect Agreement. The Mutual Respect Agreement aims to strengthen the relationship with community, increase Police knowledge about community and commit Police to attend Local Authority Meetings to discuss items of importance and safety.

The Northern Territory Police's intention is to establish a Mutual Respect Agreement for each community in East Arnhem.

Key points from the Mutual Respect Agreement are:

- Police will **LEARN** about the language, culture and protocols of the (Community Name) community; how to communicate and conduct themselves appropriately; how to respect the land, sacred sites and traditional value; and how to solve problems with the help of Leaders and the community
- Leaders will help **EDUCATE** police officers about these things and the ways of the community generally
- Leaders will **ASSIST** the police in upholding the law and keeping the peace
- Both **PARTIES** will work together to develop **PROTOCOLS** to record these things and ensure their mutual **RESPECT**; and
- **AGREEMENT** will be celebrated every year on the anniversary of the parties signing it.

At Council's ordinary meeting, 30 June 2021, Council unanimously supported Council being a party to the agreement. Council also supported detailed consultation with each community

on the Mutual Respect Agreement and approved the appropriate signatory to the agreement to be discussed locally and approved by each Local Authority.

For Local Authorities consideration:

- Does the Local Authority support the signing of the Mutual Respect Agreement?
- Who the Local Authority nominates to be the Council signatory in the Local Authority area?
- Consideration be given to additional party signing the agreement?

Attached the report, as an example, is a draft Mutual Respect Agreement for Yirrkala, that has the Council logo affixed and Deputy President Djuwalpi Marika as a signatory, the agreement also included the signature Wanyubi Marika Chairman of the Rirratjingu Aboriginal Corporation.

RECOMMENDATION

That the Local Authority:

- (a) Notes the report.**
- (b) Supports the signing of the Northern Territory Police Mutual Respect Agreement.**
- (c) Nominates a Councillor / Local Authority Member to be Council's signatory to the Mutual Respect Agreement.**
- (d) Recommends xxxx is an additional signatory to the Mutual Respect Agreement.**

| ITEM NUMBER | 8.4 |
| TITLE | National Aboriginal and Torres Strait Island Flexible Aged Care Service - Proposal |
| REFERENCE | 1501823 |
| AUTHOR | Stacey Eley, Regional Manager Aged and Disability Services |

**SUMMARY:**

This report seeks to inform and gain support for Council's Aged and Disability Service to submit an application for the upcoming Department of Health (DoH) grant round to convert all current Home Care Packages (HCP) into a regional National Aboriginal and Torres Strait Island Flexible Aged Care (NATSIFAC) service.

BACKGROUND

As part of the Aged Care Government Reforms during 2014, East Arnhem Regional Council's allocated Home Care Packages, along with all other packages across Australia, were moved to a National Government pool. Government's intent and purpose driving the change was to provide greater independence and utilisation of packages across the country.

Unfortunately, in practice, this change has created barriers to use, falling short of the set intent. Limitations in the clients ability to pool funds as was common practice in remote settings, has driven under utilisation of the new system and in some cases reductions in care. In some cases, clients were unable to receive care or any assessed need requirements. Administration of the current system has also proved challenging.

Since the reforms were implemented it has been acknowledged by Government and providers that pooled flexible aged care funds is a better suited and more sustainable model for aged care services in regional, remote and very remote Aboriginal communities rather than the individual funded packages that are currently in place. This acknowledgement and lived experience through delivery is navigating the application.

GENERAL

East Arnhem Regional Council (EARC) is seeking a regional approach in this application for the delivery of NATSIFAC Services. This approach will improve the delivery of services and increase the overall benefits to frail aged people of the East Arnhem Region, as it will allow alignment between administration, operations, delivery and client needs and client movements.

The current funding model does not meet the needs of all clients, due to funding and care differences between clients. The current model often leads to Council being in a position of risk, having unspent funds held in trust, while unfunded services are provided to clients to meet a duty of care requirements.

Under the proposal, with the consent of relevant clients, Council will be combining all current Home Care Packages into a regional NATSIFAC, pooling all Home Care Packages funds to provide services and equipment as per all clients assessed needs. This application will also include waitlisted clients for higher packages and clients needing to move from Commonwealth Home Support Packages to Home Care Packages.

It is also a requirement for EARC to consult and inform communities, seek approval from clients and share the impact these changes will have if EARC is successful with its Application. Evidence of the process and support from the clients must be included in the Application.

Benefits under a new funding model include:

- Improved and better distribution of resources to meet the needs of all clients
- No current HCP client will be disadvantaged or worst off under the new model
- All prescribed and required equipment will be purchased and available to clients
- Services will continue and be delivered in line with client care plans
- All clients on current HCP will transfer to the NATSIFAC funding model.
- Services and support to Commonwealth Home Support Program or entry level clients will remain unchanged unless the needs of those clients change.

Council staff will be discussing this application and proposal with clients and families individually and through group sessions, through Local Authority meetings and community briefings over the coming weeks.

RECOMMENDATION

That the Local Authority support the development and submission of an application for a regional National Aboriginal & Torres Strait Island Flexible Aged Care grant when next released.

| TITLE | Waste Services Update |
| REFERENCE | 1500030 |
| AUTHOR | Wesley Van Zanden, Waste & Environmental Manager |

**SUMMARY:**

This report is to provide a summary update of works and projects being implemented in the community by the Waste Services Department

BACKGROUND

General information regarding the Waste Services departments Scrap Metal project and Waste Education Program.

GENERAL

The Waste Services team are excited to announce that we have recently hired two new staff members to replace the recent resignations. We are now back to a full team that will be able to better service all the communities and continue to grow and develop environmental, recycling, waste minimisation and education initiatives.

Scrap Metal Project Update

Sell & Parker have been engaged to recycle scrap metal (old car bodies, build scraps etc.) and white goods throughout the communities of East Arnhem. The next community for this project is scheduled to be Ramingining, with Sell & Parker contractors planning to mobilise to the community once the Northern Land Council lifts its COVID-19 travel restrictions. They are currently planning to start on the week of the 12 July, however, this will be pending work permit and travel approvals being received from the Northern Land Council.

Once on site, Sell & Parker have estimated that the Ramingining part of the project will take three to four weeks so they should be finished in early August. The main areas that they will be working in will be; the Waste facility, the old dump site, the workshop yard, and the tank camp. Sell & Parker have estimated that there is approximately three hundred tonnes of scrap metal to be removed from Ramingining and recycled.

Waste Education

We are currently developing an overarching three year Community Education Strategy that is in line with East Arnhem Regional Councils (EARC) ten year Waste Management Strategic Plan. The Education Strategy is stilling being developed, however, the staged approach we are taking to deliver the strategy are as follows;

- Stage 1. Stakeholder Identification and Analysis (completed).
- Stage 2. Liaising with community stakeholders regarding education/awareness strategies (ongoing).
- Stage 3. Development of an iterative 3 year Community engagement strategy (worked on in conjunction with stages 1 and 2).
- Stage 4. Start delivering strategy (end 2021/Start 2022).
- Stage 5. Review, adapt and adopt (Annual review, but also regular check points for continuous development and improvement).

Furthermore, while this strategy is in development, discrete projects like the Container Deposit Scheme, Marine Plastics, and Mobile Muster; that are being rolled out now, will have more of an ad-hoc approach until they can be integrated into the three year approach.

Once such initiative that is currently being finalised is a joint venture between EARC, Plastics Ocean Australasia, and Veolia, to provide education and awareness around plastic waste in the ocean and on the beaches. We are currently in the final production stage of creating three videos in language to help roll the initiative out. Together with this video, Ocean Plastics Australasia will be providing education materials for community groups and the schools to utilise.

The Waste team have also been busy developing some further education materials with regards to the importance of reducing litter and waste. The first step has been to create a short educational cartoon to play on our notice boards and at schools and events to raise awareness. This video is nearly finalised and hopefully be ready to promote and circulate by August.

Container Deposit Scheme

The Cash for Containers program is back up and running in all communities. We are planning to have regular monthly collection days. If you haven't already, tell family and head down to the council office to pick up a bulk a bag and start putting all plastic bottles, glass bottles and aluminum cans in the bag. At the end of each month our team will call by to pick up the bag and pay you ten cents per container. We encourage residents in all communities to get involved to help reduce the amount of plastic going into our landfills.

|--------------------|--|
| ITEM NUMBER | 8.9 |
| TITLE | Animal Management Program Update. |
| REFERENCE | 1502212 |
| AUTHOR | Shane Marshall, Director Technical & Infrastructure Services |

**SUMMARY:**

This report is tabled for the Local Authority as an update on the Animal Management Program annual results and program focus for the 21-22 financial period.

BACKGROUND

The EARC animal program has continued to work very hard for the past year. The Veterinarian and Animal Control Manager has been on maternity leave from July 2020 until March 2021 and during that time the program was predominantly serviced by the Yirrkala based part time Animal Management Worker and the Groote Eylandt- based Veterinary Supervisor. The team also had temporary relief veterinarians assisting with service delivery to Yirrkala, Gunyangara, Gapuwiyak, Milingimbi, Galiwinku and Ramingining during August-December 2020 and March-June 2021 periods.

GENERAL

Service delivery was affected by COVID-19 restrictions on travel into community for a small period of time in early 2020, however community visits recommenced and all nine EARC communities received at least 3 veterinary visits by the end of 2020. Due to flare-ups in COVID hotspots, our animal management program has had to cancel some of our planned community visits from interstate staff and veterinary students that were due to fly in and assist us in service delivery. This will unfortunately continue to happen if hotspots arise where our interstate collaborative teams are based. The team has continued to try and recruit veterinarians and veterinary nurses from within the Northern Territory to avoid these issues, however the recruitment of professional staff has continued to be a challenge.

The Animal Management team released the first EARC Community Veterinary Cabinets in July/ August 2020. The full cabinets have been placed in our communities which receive less frequent veterinary visits including Gapuwiyak, Ramingining, Milingimbi and Galiwinku. Inside the cabinets are a large quantity of first aid and anti-parasitic resources to treat all of the basic illnesses and conditions that the team frequently see in community. These have resulted in fantastic outcomes for animals in community that may have not received any other treatments until the team was next in community.

Projects such as this empower our community members to make responsible decisions for the welfare of their animals. It has meant the Animal Management Team has been able to provide a more consistent service in between designated veterinary visits with the assistance of local community staff. Basic training was provided by the Veterinarian/Animal Control Manager remotely to ensure that all staff in community understood what was contained in the cabinets. The funds for this project were used from the core services budget and have been integral in improving animal welfare in our communities. The communities of Yirrkala, Gunyangara, Angurugu, Umbakumba and Milyakburra only received very small amounts of veterinary supplies as they benefit from more frequent services. In 2021, we are looking at rolling out the full cabinets to all of our EARC communities.

A new disease called Ehrlichiosis (*E. canis*) has been slowly making its way across the Northern Territory from where it was first discovered in WA. This disease is one that is spread via the brown dog tick which is highly prevalent in our communities, especially over the wet season. The Veterinarian and Animal Control Manager has become a member of the

E. canis Management Group for the Northern Territory and is currently working on an EARC strategy for E. canis. We have had three positive cases in our communities. Unfortunately, treatment is expensive and the animal management program does not have the financial resources to treat this disease. Any cases have been referred to a private veterinary clinic for further treatment. We have instead been focusing on minimising the impact of the disease by trying to increase our prevention of the brown dog ticks in our communities.

One of the goals in the next financial year is work with pharmaceutical companies to acquire reduced costs anti-parasitic medications for brown dog ticks to distribute throughout our communities prior to the 2021 wet season commencing. We have currently managed to acquire reduced cost Bravecto and Nexgard anti-parasitic treatments at a reduced rate in partnership with AMRRIC and the pharmaceutical companies that make these products.

Tick Sickness

There is a new tick sickness called Ehrlichiosis

Dogs get the sickness from ticks. Sick dogs...

- Sleep lots and are tired
- Get skinny
- Don't want to eat food
- Get mucky or cloudy eyes

If your dog looks like sick one and is not feeling good, talk to your Vet, Environmental Health Worker or AMRRIC about medicine for your dog.

www.amrric.org
 (08) 8948 1768

The animal management team is continuing to struggle with the issue of aggressive dogs in our communities. The number of complaints from community for dog bites increased in the past year and unfortunately in the absence of any By-Laws the animal management team is quite limited in our capacity to respond. At this point in time, all dog bites are reported to the police in community to be followed up.

The animal management team has also been following up with the community members and has spent a large amount of time discussing the issue of roaming, aggressive dogs with the owners' of such animals to work towards solutions in a cultural appropriate manner.

The Animal Management Program team is very proud of the quantitative results over of the last 12 months in light of the challenges we have faced. Overall desexing numbers for the July 20 – June 2021 period were 391 dogs and 229 cats. Overall general health checks and treatments given out by the team were 1621 . These figures quantify the hard work that is being completed by the Animal Management Team in our communities.

Table 1: Community Desexing and Treatment totals for 20/21 FY:

| EARC Communities | Dogs Desexed | Cats Desexed | Treatments given by Animal Management Team* |
|-------------------------|---------------------|---------------------|--|
| Yirrkala | 22 | 25 | 129 |
| Gunyangara | 34 | 4 | 109 |
| Ramingining | 77 | 67 | 147 |
| Gapuwiyak | 55 | 57 | 178 |

*treatments given can include: medications, worming, euthanasia or any other veterinary treatment that has been requested by the owners of the animal. This does not include the verbal consultation that is undertaken on an ad hoc basis by the EARC animal management team.

Planned projects for the 20/21 Financial Year:

- Staffing: Recruit a new permanent veterinarian for the Groote Eylandt based position as soon as possible. Look at utilising existing relationships with CDP in community to recruit local animal management workers to our team.
- Veterinary facility for Milingimbi. Currently the team is still working in difficult conditions in the Municipal shed at Milingimbi. An air-conditioned donga with running water will be a much needed addition to our program.
- EARC Community Vet Cabinets – further training for new staff and a continuation of this service by the AMP team. Setting up cabinets for all nine EARC communities to ensure consistency of veterinary services.
- Parasite Prevention Plan prior to the wet season in 2021: Large scale E canis surveillance and brown dog tick treatments prior to the 2021 wet season commencing - one of the goals in the next financial year is work with pharmaceutical companies to acquire reduced costs anti-parasitic medications for brown dog ticks to distribute throughout our communities.
- Cat management focused programs including education and desexing days – We have a collaborative grant project with AMRRIC via STEM education with all of our schools in September 2021.
- Cat Management collaboration on Groote Eylandt with Territory Natural Resource Council to protect the native wildlife
- Continued education about aggressive dogs in schools and across community to promote more owner responsibility
- Continued education projects throughout all of our communities promoting responsible pet ownership
- Focus on community engagement to promote awareness of animal welfare concerns and education
- Continuously working towards our 80% desexing goal for all nine EARC communities

- Begin education and awareness programs on the key concepts within the new By-Laws for the animal management program

| ITEM NUMBER | 9.1 |
| TITLE | Community Night Patrol - Focus Project |
| REFERENCE | 1478960 |
| AUTHOR | Andrew Walsh, Director Community Development |

Local Authority Meeting at its meeting on 17 May 2021 resolved that the matter be deferred to the meeting to be held on 19 July 2021.

SUMMARY:

This report is to inform and seek input from the Local Authority on the Community Night Patrol focus project.

BACKGROUND

The objectives of Community Night Patrol (CNP) are to improve the levels of community safety and promote culturally appropriate conflict and dispute resolution in participating remote Aboriginal and Torres Strait Islander communities and offer services in line with communities safety priorities. CNP uses non-coercive intervention strategies to respond flexibly to individual communities' safety needs and priorities.

In delivering Community Night Patrol services, East Arnhem Regional Council must develop operational strategies which:

- a) align with regional priorities and identified community safety needs.
- b) are developed on a community by community basis to be targeted, flexible and tailored to meet local safety needs in conjunction with the community CNP operational plan.
- c) deliver consistent and regular community night patrols in the community.
- d) work in partnership with local Police and other relevant local services providers.

Key features of CNP activities include:

- a) assisting vulnerable people at risk of causing or becoming victims of harm by transporting them to a safe place where their immediate needs can be addressed.
- b) referring vulnerable people to other services for ongoing assistance such as transport services, Women's Safe Houses, community health centers or clinics, police mobile child protection teams, Sobering Up Shelters and any other services in community.
- c) ensuring children are at home or in another safe location with a parent or carer at night and reminding carers of their responsibilities to ensure children get adequate sleep and are assisted to get to school each day.
- d) working collaboratively with community led cultural authority groups pursuing safe community objectives.
- e) diverting intoxicated people away from contact with the criminal justice system, prior to any crime being committed;
- f) assisting in the recording and reporting of incidents and assistance provided;
- g) working in partnership with local police through an MOU, Community Safety Plan or other local agreement arrangements.
- h) communicating and engaging with other services including Remote School Attendance Strategy (RSAS).

GENERAL

East Arnhem Regional Council (EARC) has delivered Community Night Patrol services to the communities of East Arnhem since 2008. Over the last two years EARC has worked closely to strengthen the purpose and output of the CNP service. Annually EARC has undertaken community based surveys that inform the Community based operational plans.

EARC is looking to strengthen patrol services further, and focusing the patrol service to be driven and designed by each community. Under the leadership of the Local Authorities and Council, informed by key stakeholders, cultural leadership groups and the wider community, EARC is embarking on Community Night Patrol focus project, that aims to deliver Community Patrol differently, and community designed.

The focus project allows for the Community Patrol services to be designed from the ground up including:

- a) Service Name
- b) Service Purpose
- c) Service Focus
- d) Service Output
- e) Service Governance
- f) Service Linkages

The patrol focus project leads to Patrol designed to influence and introduce fit for purpose community safety change initiatives that impact on community and overall well-being of community safety in our region. The inclusion of governance of the Community Patrol focus project allows for strong analytical, culturally focused approach to program co-design with community and traditional leaders.

The East Arnhem Regional Council is now seeking input in the Community Patrol Focus project from the Local Authority

COMMUNITY REPORTS

| | |
|--------------------|--|
| ITEM NUMBER | 9.2 |
| TITLE | Community Development Report |
| REFERENCE | 1499819 |
| AUTHOR | Troy Croton, Community Development Coordinator |

**SUMMARY:**

This report is provided by the Community Development Coordinator at every Local Authority meeting to provide information and or updates to members

BACKGROUND

As per Guideline eight Regional Councils and Local Authorities, it is a requirement for the Community Development Coordinator to provide a "Community Development report on current regional council services in the Local Authority area".

GENERAL

Our thoughts and prayers go out to the ones we have lost this month. We farewelled Ramingining Councillor Barry Malibirr (Mari) who among other things was a leader for his family, friends and community, with influence over most issues within East Arnhem Land and beyond.

He was a Counsellor at the Ramingining School and a mentor to both Balanda and Yolngu alike. We will be blessed if we gain another Councilor like Mari to fill this position and carry on his good work. In attendance at Mari's memorial Service was East Arnhem Regional Council President Kaye Thurlow, Councillor Jason Mirritjawuy, Chief Executive Officer Dale Keehne, all Local Authority Members, Community Development Coordinator Troy Croton and Senior Administration Officer Elfreda Ware.

Police

After four years in the role as OIC Police in Ramingining, Milingimbi and Warrawee (Goulburn Islands), Aaron Haseman has moved on, returning to Darwin in a more senior role. He leaves a legacy of, good rapport with Community, easy to approach and no issue is too small to ignore. The hand over was good with Ramingining still retaining four Officers at the station. No outstanding issues have been raised by police of late.

Clinic

The Clinic Staff as always are working hard to maintain this service, with the added Covid shake out moving forward and Vaccinations taking place on the 16 – 17/06/2021 where we should have more definition of the process for Covid vaccinations to take place for the second round. There is a reluctance within community for the vaccination, but I feel once we start receiving clearer direction people will step forward for the vaccine.

Youth, Sport & Recreation

Is maintaining good support to the local and regional men's and women's football competition with some younger footballers going to Nhulunbuy to compete. With the support of our Community Liaison Officer Gilbert Walkuli the mentoring of our at-risk youth program is still a priority and work is ongoing in this field, with bush trips and engagement on many levels, including but not limited to engagement of parents as well.

Municipal Services

With the employment of the new Municipal Services Supervisor Daniel Crimeen with the team, the community has had a noticeable change in the works program and what is being achieved is a credit to Daniel and the team. With more bins in community and cleaner parks and a well maintained Oval we should see rewards for community start to show themselves, please let's show our support by a simply gesture of "Thank you" when you pass them next.

Community Night Patrol

Is in the process of changing its Logo and name to better represent Ramingining community thinking and aspirations. This will be done through collaboration with the Local Authority, BDM group, police, key Mala leaders and other stakeholder in our community, to see what is important to us, what we want them to focus on and how we as a community want them to act for us, for the communities' best interests.

School

Arafura sports was held in Ramingining 15 – 17/06/2021 with an estimation of over one hundred visitors staying in community for the three day sporting event. Support was given by East Arnhem Regional Council, Youth Sport & Recreation team with the use of the LED screen on call.

Civic Support

Support was given to Miwatj BABYFAST group for the graduation in the mums and buds program, East Arnhem supplied staff, BBQ, table, food and refreshments for the event.

RECOMMENDATION

- (a) That Local Authority notes the Community Development Coordinator Report
