**CONFLICT OF INTEREST**

---

**ITEM NUMBER** 3.1  
**TITLE** Conflict of Interest  
**REFERENCE** 1662628  
**AUTHOR** Wendy Brook, Executive Assistant to the CEO

**SUMMARY**

This report is tabled for members to declare any conflicts they have within the agenda.

**BACKGROUND**

The Local Government Act (Chapter 7, Part 7.2, Section 114 – Conflict of Interest) details that “A member has a conflict of interest in a question arising for decision by the Audit Committee, Council, Council Committee or Local Authority, if the member or an associate of the member has any of the following interests in how the question is decided:

- (a) A direct interest
- (b) An indirect financial interest
- (c) An indirect interest by close association
- (d) An indirect interest due to conflicting duties”.

**GENERAL**

A conflict of interest is a situation that has the potential to undermine a person’s ability to be impartial because of the possibility of a clash between the person’s self-interest and professional interest or public interest.

When this occurs the Local Authority Member should declare the interest and remove them self from the decision making process.

The report author does not have a conflict of interest in this matter (Section 179 of the Act).

**RECOMMENDATION**

**That the Local Authority notes no conflicts of interest declared at today’s meeting.**

**OR**

**That the Local Authority notes any conflicts of interest declared at today’s meeting.**

**ATTACHMENTS:**

There are no attachments to this report.

## PREVIOUS MINUTES

---

ITEM NUMBER	4.1
TITLE	Previous Minutes for Ratification
REFERENCE	1662632
AUTHOR	Wendy Brook, Executive Assistant to the CEO

### SUMMARY

The Local Authority is asked to confirm the unconfirmed minutes from the previous meeting.

### BACKGROUND

In line with the Northern Territory *Local Government Act 2019* (Chapter 6, Part 6.3, Section 101- 3), The Audit Committee, Council, Council Committee or Local Authority must, at its next meeting, or next ordinary meeting, confirm the minutes (with or without amendment), including any confidential business considered at the meeting, as a correct record of the meeting.

According to the *Local Authority Guideline 1* (Part 12, Section 12.4), Members at a provisional meeting can confirm the minutes of a previous provisional meeting. However, members at a provisional meeting cannot confirm the minutes of a previous Local Authority meeting.

### GENERAL

Local Authority members need to read the unconfirmed minutes carefully before they endorse them as a true record of the previous meeting.

The report author does not have a conflict of interest in this matter (Section 179 of the Act).

### RECOMMENDATION

**That the Local Authority notes the minutes from the meetings of 22 March 2022 and 24 May 2022 to be a true record of the meeting.**

**Call for Recognition – Local & Regional Indigenous Voice and Decision Making**

We the Yolngu and Anindilyakwa people of East Arnhem Land call on the two Balanda (non-Indigenous) levels of Government of the Northern Territory and the Commonwealth of Australia, to recognise the authority of our First Nations peoples which we have had for millennia and was never extinguished.

Our community and homelands people are intertwined and deeply connected through the two pillars (moieties) of Dhuwa and Yirritja, our Bapurru (Clans), our Ringitj (Clan Alliances), our Land, our Song Lines, which extend and connect to Anindilyakwa.

We need a real heart to heart connection and partnership, and know we are stronger when we are united together – Yolngu to Yolngu and Yolngu to Balanda.

We recognise the role and authority of the two Balanda controlled governments, and you need to recognise the role and authority of our governance.

Our East Arnhem Regional Local Government Council is governed by up to 126 Members across 9 Local Authorities, which include 14 Councillors elected from 6 cultural based electoral wards, that are all connected through our clans, song lines, bloodlines, ceremony and family, to represent over 10,000 people, with an Aboriginal population over 90 per cent.

Our East Arnhem Regional (Land) Council, part of the broader Northern Land Council, is governed in North East Arnhem Land by 15 elected Members from 8 areas of across the Yolngu lands. ANGURUGU COUNCIL OFFICE ON TUESDAY, 24 MAY 2022 AT 9:00AM

**Groote Archipelago.**

We also have many Aboriginal Corporations governed by Directors from across the Yolngu communities and areas outside of East Arnhem Land, like the Arnhem Land Progress Association, to Corporations with Directors across the whole East Arnhem Region like Miwatj Health, to Aboriginal Corporations with Directors based on areas within the region, like the Laynhapuy, Marthakal and Milingimbi Homelands to Clan based corporations like Gumatj, and Rirratjingu, and the Yothu Yindi Foundation, or linked to communities like Yalu in Galiwinku, Gongdal in Gapuwiyak or Aminjarrindja at Umbakumba. Each of our organisations (listed below) has its own special purpose and role and should be listened to.

Our Aboriginal Controlled Local Authorities and Regional Government Council, offers a bridge of commonality between our Yolngu and Anindilyakwa people and the Balanda (non-Indigenous) governments. A bridge to make sure the voices of our Land Councils and other Aboriginal organisations – our Traditional Owners, our Bapurru (Clan) Leaders, our young, and all our community and homeland members - are heard, and acted on.

We look forward to thorough and genuine engagement with the Australian Government's Local, Regional and National Indigenous Voice process across East Arnhem Land, and the accompanying opportunities of Closing the Gap. We also look forward to the review and updating of the Northern Territory Government's Local Decision Making policy and processes – to be properly aligned, and to allow for coordinated and practical engagement with both Balanda levels of government across East Arnhem Land.

We support a genuine partnership of Balanda government with our Aboriginal Community Controlled Government in unity with the Land Councils and all other Aboriginal organisations, with our shared sacred bond to respect and protect our Land, Traditional Owners, Clan Leaders and Culture.

Our strength of culture, capacity and unity will ensure different government plans and processes like the Federal Government's Indigenous Voice and Closing the Gap and NT Government's Local Decision Making – lead to real outcomes, led by the people, in the many different communities and homelands across East Arnhem Land.

The Makarrata ceremony comes from the traditional Yolngu Rom (law) of East Arnhem Land and we invite the Balanda (non-Indigenous) Federal and Northern Territory Governments to join us on country together, to overcome the divisions between us through real reconciliation, and start genuine truth telling, dialogue and understanding, to build a better future and nation for us all.

<b>ITEM NUMBER</b>	7.1
<b>TITLE</b>	CEO Report
<b>REFERENCE</b>	1674183
<b>AUTHOR</b>	Dale Keehne, Chief Executive Officer

### SUMMARY

This is a report of the key broad issues since the last report to Council, in addition to those covered in other parts of the agenda.

### GENERAL

#### Possible Legal Sale of Alcohol and Kava

The resolutions from the last round of Local Authorities regarding this issue were tabled and considered when Council met on 30 June.

Based on these resolutions and the strong opposition shown across all the Local Authority meetings, Council made a clear resolution, as included in the attached letter to Chief Minister Natasha Fyles and Federal Minister for Indigenous Australians Linda Burney (Attachment A).

Council has still not received a response from the Federal or Chief Minister.

#### Voice in Closing the Gap, Indigenous Voice, Local Decision Making and Treaty

President Lapulung Dhamarrandji continues to speak to the two Balanda levels of Government on behalf of the community elected Councillors and endorsed Local Authorities.

This includes joining a Working Group on the Closing the Gap Northern Territory Implementation Plan, and joining with other strong Indigenous Presidents and Mayors to have a direct voice on this, and important issues like the cashless debit card and income management, alcohol bans, kava management, law and order and youth justice.

Chief Minister Fyles responded to the letter sent to her regarding concerns with consultation to develop multiple Local Decision making Agreements by ARDS, in late August, (as at Attachment B).

The Minister encourages Council and Local Authority members to take up the opportunity to meet the 'Yolngu facilitation team' "...and to raise any feedback about the proposed pathway for negotiation and agreement making directly, so that the pathway can be the best fit for local purposes."

President Lapulung has raised the East Arnhem Land First Nations Call for Recognition that has been endorsed by the Local Authorities and Council. – has stated the Road to Recognition will be a long one.

"We must talk together Yolngu way, with unhurried time".

The President and myself are continuing the process of reaching out to meet directly with the Chairpersons and boards of the many Aboriginal Corporations and the two Land Councils, to discuss and see if they wish to support the Call for Recognition, or not.

The report author does not have a conflict of interest in this matter (Section 179 of the Act).

## **RECOMMENDATION**

**That Council notes the CEO Report.**

Dear Mr Keehne *Dale*

Thank you for your recent letter, advising of East Arnhem Regional Council's resolution in respect of Local Decision Making processes in East Arnhem, and the East Arnhem Land First Nations Call for Recognition.

Your letter raises various concerns about the pathway proposed for Local Decision Making in the Yolngu region by ARDS Aboriginal Corporation on behalf of the Yolngu facilitation team. However, I understand that your Local Authorities have not yet had the opportunity to meet with the Yolngu facilitation team and discuss the intended approach.

There have been strong, consistent messages from stakeholders in East Arnhem through the Public Accounts Committee Inquiry into Local Decision Making and Local and Regional Voice consultations. In line with that feedback, the Northern Territory Government remains committed to supporting Yolngu leaders across East Arnhem to engage directly with the opportunities presented by our Local Decision Making policy and a shared approach to Local and Regional Voice.

I encourage you and your Council to support Local Authority members to take up the opportunity to meet with the Yolngu facilitation team when the opportunity arises, and to raise any feedback about the proposed pathway for negotiation and agreement making directly, so that the pathway can be best fit for local purposes.

I look forward to hearing about the progress of Local Decision Making negotiations in East Arnhem in the near future.

Kind regards

*Natasha*

<b>ITEM NUMBER</b>	7.2
<b>TITLE</b>	Pacific Australia Labour Mobility Scheme - Trial
<b>REFERENCE</b>	1670348
<b>AUTHOR</b>	Dale Keehne, Chief Executive Officer

### SUMMARY

This report is to provide information to the Elected Members of the Pacific Australia Labour Mobility (PALM) scheme from the Federal Department of Foreign Affairs Tourism & Trade (DFAT), including recommendation following consultation with East Arnhem Regional Council Local Authorities and progress the scheme to a trial phase for the East Arnhem Regional Council.

### BACKGROUND

The Pacific Australia Labour Mobility (PALM) scheme is built on strong partnerships between Australia, Pacific Island nations and Timor-Leste, and is the primary temporary migration program to address unskilled, low-skilled, and semi-skilled workforce shortages in remote, rural and regional Australia.

Our Aged & Disability department and our services in community need workers. Families, clients and residents need reliable services. Workers need further support mechanisms, and Pacific Island nations need income.

The PALM scheme delivers on all of these and has the potential to support the programs of Council in the short and medium term to ensure greater levels of staff support and the levels of service being delivered meet community expectations and needs.

The Pacific Australia Labour Mobility scheme provides Northern Territory employers with a stable and reliable workforce from Pacific Island countries and Timor-Leste, when they cannot source labour locally. These programs also contribute to the economic development of the participating countries.

Employees can be sourced for fixed term engagements of between 1 and 3 years. Employees can work in a range of industries including, housekeeping (accommodation), municipal services, aged and disability services and entry level administration.

East Arnhem Regional Council meets the eligibility criteria to take part in the scheme to address our workforce challenges.

### GENERAL

East Arnhem Regional Council has faced a challenge with meeting its targeted employment outcomes, which poses a direct impact on outcomes and service delivery outputs of Council programs.

Aged & Disability is currently undergoing significant reforms which will result in all delivery of Aged & Disability services moving to a fee for service model. Without regular attendance and required levels of delivery, this will put the service at risk of no longer being viable, with a direct impact on East Arnhem lands levels of well-being of aged and disabled community members throughout the region.

The Pacific Australia Labour Mobility scheme offers an opportunity to increase our levels of paired working arrangements, support, mentoring and upskilling of indigenous staff in entry level roles across the organization. The scheme also provides opportunity to ensure service level standards during times of aboriginal cultural practice.

The scheme has been widely accepted by Aged & Disability providers across the Territory including remote aboriginal service providers.

The table below in this report is data that shows the levels of employee costs surplus compared to East Arnhem Regional Councils staffing plan per year. The data highlights that average underspend is approximately \$1.5M per year which has increased to \$2.5M in the 20/21FY and a prediction of \$2.9M in the 21/22FY.

The information shows that the challenge in attendance and delivery is increasing due to various contributing factors. Council is currently undertaking many initiatives to address the attendance and delivery challenges including true commitment to job design and training however Council needs to explore and consider all available options.

Community parasite rounds finished in July and as such the next round will commence shortly. There has been a large number of individual treatments conducted including several dog fights, one known malicious injury in Angurugu (stabbing), Ehrlichiosis treatments, unwell animals including malnourished puppies, euthanasias etc

Our previous round we spent 2 additional consecutive days in Umbakumba and 3 consecutive in Milyakburra, this allowed us to sufficient time for community consultation as well as the process of setting up and packing up all the surgical equipment. The process works well and will be adopted more regularly in the future.

Angurugu:

34 parasite treatments  
5 desexings  
38 other treatments

Umbakumba:

7 parasite treatments  
4 desexings  
8 other treatments

Milyakburra:

39 parasite treatments  
4 desexings  
9 other treatments  
1 feral pig being housed in community, reported to Anindilyakwa Land and Sea Rangers

## NATSIEH conference

From September 5-9, Dr Lauren and Animal Management Worker Tineka attended and presented at the 13th NATSIEH conference held in Darwin. Conferences are currently held on a biennial basis and provide environmental health practitioners with the opportunity to showcase their projects, build professional networks, and learn from one another. The aim of these national conferences is to increase the understanding and awareness of environmental health issues in Aboriginal and Torres Strait Islander communities, with a key focus on Aboriginal and Torres Strait Islander environmental health practitioners.

There were 170 delegates and around 30 presentations over the 4 days. Presenters ranged from professionals, scientists, community EHPs and indigenous elders. Our abstract was selected for presentation and we were one of only two groups that spoke on animal related matters, the other group being the large not-for-profit organisation AMRRIC.

Our presentation "A Holistic Approach to Animal Management in Remote Indigenous Communities" focused on the One Health approach to the EARC Animal Management Program, in that our methodology not only improves animal health and welfare also benefits both human and environmental health. We spoke about how the employment of vets that reside locally as well as the employment of local AMW's improves community consultation, educational opportunities and continuity of patient care. Tineka also presented a visual diary of the roles and skills of AMW in community (transcript of speech can be provided on request).

Vet cabinets

The vet cabinets continue to be a useful tool on Groote. Therese Birch in the Angurugu office is very skilled at dispensing medications under vet instructions however there has been significant staff turnover in all 3 communities therefore training in the use of these cabinets will need to be conducted in the near future once these roles have been filled.

Training

Tineka's Cert 2 in Animal Studies is well underway and she is approximately one-third of the way through. She is doing well for all of the practical assessments, however she does need some prompting to stay on track with deadlines. She is confident in completing the written assignments independently however feels anxious regarding the multiple choice quizzes, which are timed and require an 100% pass rate. To overcome this challenge, we have been

approaching the quizzes together so that I can assist in working through each question and its possible answers without her becoming overwhelmed.

**4.1.14.1 Develop, support and monitor the undertaking of monthly community waste education presentations and events such as CDS and Litter for Cash in conjunction with the Local Municipal Services, Community Development, and School based programs in selected communities.**

During the months of July and August, Waste Services re-started Cash 4 Containers (CDS) across all communities. As well as CDS Waste Services also:

- Provided litter education tools to Ramingining School to assist in an ongoing litter education program within class time.
- Held meeting with stakeholders at Milingimbi regarding regular clean-up events.
- Facilitated a Community Clean-Up Day with the Crocodile Island Rangers and Municipal Team on Milingimbi.
- Supported Gapuwiyak School in the procurement of Plastics in Ocean school curriculum, and

- Held a meeting with Shepherdson School regarding Plastics in Ocean curriculum as well as some other litter/environmental teaching ideas for delivery.

### 4.1.1.1

**Outsource waste collection where opportunity to do so exists and is of financial and social benefit to Council. Annually review existing contracts to ensure an effective and efficient waste collection service is achieved and that Council is receiving value for money.**

Council have outsourced waste collection in the communities of Angurugu, Umbakumba, Yirrkala and Gunyangara. All other communities are operated internally via Municipal Services. Reviews of the expiring contracts for the outsourced communities was recently conducted, and it was decided that both contractors provided a quality service to the communities. As the contracts were expiring, tenders were recently sent out to market for these same four communities. The tender process and successful tenderers should be revealed in the next few weeks.

### Project Status – Completed 80%

### 4.1.4.3

**Coordinate and monitor quarterly waste bin audits and repairs in conjunction with the Municipal Services Program in each community.**

Waste Services have been trialing the use of Konect software for wheelie bin audits. Due to the success of these audits, this financial year all bin repairs/audits will begin to be captured through Konect, with the assistance of Municipal Services. The first audit is scheduled for October/November 2022.

### **Project Status – Planning & Design 10%**

#### **4.1.7.1 Monitor and report on the approved 10 year Waste Management Strategy**

Waste Services are in the process of completing the FY22 Environmental Monitoring and Audit Report of each facility. These annual reports are anticipated to be completed by the end of August and a summary will be provided in the next Council meeting.

### **Project Status – Completion 50%**

#### **4.1.7.2 Enter into partnerships and agreements, particularly for the transport or processing of recyclable material, to maximize the recycling opportunities for East Arnhem communities.**

Currently Council are in the process of entering into a partnership with Ecocycle for the recycling of household batteries and fluorescent globes. This partnership will build on the agreement Council made last year with B-Cycle, to partner with an accredited battery recycler under the Battery National Product Stewardship Scheme.

Ecocycle will provide small drop-off bins for all Council offices and one large collection box at a central location. Once the collection box is full this will be used for transport back to their recycling Centre.

#### ***Project Status – Ongoing review and assessment***

#### **4.1.7.3 Undertake and report on the removal of recycling streams within each community location.**

Table 1 illustrates materials recovered and transport back to Darwin for recycling so far this financial year. So far seven different recyclable materials streams have been recovered from the region. The Councils goal is to have a minimum of nine resource recovery streams available to residents.

### **Other Projects**

#### **WS-01 Implement an aerial mosquito and weed spray program within locations**

Council staff are scheduled for drone training in October 2022 with The Ripper Aviation Academy. Staff will be trained in safe operation of DJI Agras T30, DJI Phantom 4 RTK and the use of the GNSS Mobile Base Station and software.

Remote Pilot training will be provided for sub 7kg and sub 25kg operations as well as practical training for operational weed spraying.

Currently the Training Officer Lizzy McArdle as part of the Cert 3 in Civil training for the Municipal / Public works team is in discussions with CDU surrounding a certificate module in Drone Operations for local capacity building across localities.

Once training has been provided, a plan and schedule will be developed to better address weed management across the communities and mosquito management where necessary.

**SUMMARY:**

This report is to provide a summary update of works and projects being implemented in the community by the Waste Services Department.

**BACKGROUND**

General information regarding the Waste Services departments programs.

**GENERAL**Container Deposit Scheme

Cash for Containers started again in Angurugu, with a depot held in July and August. There was a great response to the first depot back with 13,624 containers processed through our depot.

This is the most Angurugu has ever recorded in one collection event. Great work by the whole team in counting and sorting the containers for transportation back to Darwin for recycling.

Angurugu Transfer Station

The Angurugu Transfer Station is nearly complete. Currently Beta Pave are completing road sealing works and installing a culvert at the entrance, to make the area more accessible to the public. These works were expected to be completed by the end of July, however due to staff shortages and illness, the contractor has had to delay the final seal on the area.

Council are also still awaiting for the arrival of the L-Bins and gravity bays, which will be used as the drop off bins for community. There have been delays in manufacturing of these bins, however they are expected to be completed by the end of the month and delivered sometime in October.

Once completed several shipping containers and modified skip bins will be installed for community drop-off of waste and recycling materials. The shipping containers will be extremely useful as a storage solution, and also to allow for better transportation options of landfill diverted materials off Groote Eylandt for recycling.

Sealing – 90% complete.

L-Bins – 75% complete.

<b>ITEM NUMBER</b>	7.5
<b>TITLE</b>	Library Services Principles
<b>REFERENCE</b>	1671262
<b>AUTHOR</b>	Andrew Walsh, Director Community Development

### SUMMARY

This report is to inform and seek direction from the Local Authorities on the provision and design of East Arnhem Regional Council's Library services.

### BACKGROUND

Public libraries are vital and trusted resources for local communities. They support literacy and education, community building and skills development through:

Collections of print, audio-visual and digital resources, for education and recreation, with a stock of over 400,000 items

- accessible internet and technology
- inclusive and welcoming community spaces
- supportive and skilled staff

There are 32 public libraries in the Northern Territory, serving a culturally and linguistically diverse, mobile and often remote population of 240,000 people.

These libraries receive over a million visits every year. They service urban areas such as Darwin, Alice Springs, Palmerston and Katherine, smaller towns, and 16 Aboriginal communities including the communities Ramingining, Mililingimbi, Galiwin'ku, Angurugu, Umbakumba and Nhulunbuy in East Arnhem.

Whilst many remote communities do not currently have a local library, free community internet is provided as a baseline public library service to 34 communities, rising to 46 by the end of 2017, for East Arnhem this includes Gapuwiyak.

Territory public libraries are well connected. Membership at one library enables Territorians to borrow from any other library in the Territory.

Books can be requested from other libraries and interstate, and extensive online collections of books, magazines and information resources are available across the Territory.

Evidence suggests the way in which public libraries are being used is changing, which is an exciting prospect for East Arnhem Regional Council and provides opportunity to provide services in a way that is more reflective of our area and our peoples and communities needs

The annual Australian Public Libraries Statistical Report indicates that whilst visitor numbers to Territory libraries are holding steady at over a million visits per year, lending is decreasing, in line with a national trend. At the same time, the number of library programs on offer to the Territory community has increased to nearly 9,000 programs with over 77,000 participants.

It has been ten years since the last comprehensive look was taken at how public libraries could best serve Territory communities. Much has changed since then.

Expectations about how and when people access information have been transformed by mobile connectivity. Increasing satellite internet coverage and the NBN has improved the availability of internet access.

Local government boundaries have changed. Greater opportunities for innovative library partnerships with community groups and between government agencies.

In October 2016 the Northern Territory Library engaged KPMG to conduct a consultation process to get a clearer picture about what Territorians most value about their current library services, and how they wish to see them developed in the future.

### Findings

KPMG received strong feedback from the community about how passionately local library services were valued. The key findings from the public consultation process included:

- Print collections remain highly relevant. Digital collections are also highly valued, but as a supplement rather than a replacement.
- Collections need to reflect all elements of the community, and include diverse languages. Audiovisual materials are also a critical part of collection development.
- The most highly valued programs provided by libraries are those that support children, especially early childhood literacy programs and after school programs.
- Technology access is critical, but so is training and support for technology use. Along with early childhood programs and after school programs, technology programs are most in demand.
- Libraries are valued as flexible spaces for community use, such as meeting spaces for community groups and places for community members to run their own programs.
- Libraries play an important role in supporting individual small business and work activities, particularly by providing access to the internet and spaces to work.
- There is a demand for longer or alternative opening hours, the nature of which will vary between communities.

Consultation was also undertaken with local government staff, which confirmed the findings of the public consultation process and also highlighted issues to be considered in the development of a new Agreement between the Northern Territory Government and local government for the funding for public library services.

The full report from the public consultation is available on the Northern Territory Library website.

### **GENERAL**

On the basis of the consultation process a number of principles have been formulated which will be used to guide the future development of Territory public libraries.

#### Access for all

All Territorians, no matter where they are located, should have access to library services. Where access to a physical library building is not feasible, services should be provided through a mix of digital and outreach services and through partnerships with other local service providers. Core library services should be free to the community and not dependent on the ability to pay.

### Responsive to local community needs

The type and scope of library services required, including opening hours, depends on the needs and desires of the community it is serving. One size does not fit all.

Libraries provide a platform for individual and community development and should provide opportunities for local organisations, community groups and businesses to utilise their spaces and resources.

### Inclusive services

Library services should support the diversity of Territory communities and ensure that services are accessible for people with different languages and cultural backgrounds, for people of all ages and abilities.

### Respect for Aboriginal culture

Libraries should support the continued strengthening of Aboriginal languages and cultures.

### Customer focused

People should enjoy their visit to the library, feel comfortable in the spaces and supported by staff.

### Innovative solutions and partnerships

With a clear focus on community requirements and outcomes, libraries should explore new opportunities to deliver services, particularly through partnerships with other community organisations and expansion of online services.

### Effective and efficient services

Libraries should ensure that public funding is used to deliver community benefits and outcomes effectively and efficiently through the development of a culture of evaluation and evidence based decision making.

The Northern Territory Library should provide centralised Territory-wide services where this is the most effective and efficient solution.

### Sustainable services

Funding and service delivery frameworks should be developed to ensure that they are sustainable into the future.

### Effective network

The Northern Territory public library network is strengthened through collaboration, communication and shared skills development between library services.

Libraries change lives. When design is right Libraries provide a rich mixture of collections, spaces, programs, technologies and supportive staff to enable individuals and communities to learn, grow and develop.

They are free and accessible to all members of the community and support lifelong learning, for children, students, adult individuals, families, and seniors. The variety of resources made available by libraries enables them to provide value to their communities across a wide range of areas.

The Australian Public Library Alliance and the Australian Library and Information Association have recently released Guidelines, Standards and Outcome Measures for Australian Public Libraries, which identifies six areas in which libraries make a difference to their communities:

- Literacy and lifelong learning
- Informed and connected citizens
- Digital inclusion
- Personal development and wellbeing
- Stronger and more creative communities
- Economic and workforce development

For Council to consider: when applying these principles and the six areas in which libraries can make a difference to design, how would Council like to see library services in their community? The principles allow Council a lot of flexibility, whether they choose to employ one or many of the principles to meet the communities library needs.

Service design, can now remove the four walls of the library, make library services an outreach program, culturally based programming, focused on early education or development or fully involved in the digital revolution. The flexibility in applying the principles to design also means that Council has the ability to potentially include all locations in the library design.

The report author does not have a conflict of interest in this matter (Section 179 of the Act).

<b>ITEM NUMBER</b>	7.6
<b>TITLE</b>	Community Development Coordinator Report
<b>REFERENCE</b>	1666792
<b>AUTHOR</b>	Gordon Walsh, Community Development Coordinator

**SUMMARY**

This report is provided by the Community Development Coordinator at every Local Authority meeting to provide information and updates to members.

**BACKGROUND**

In line with Guideline 1; Local Authorities; it is a requirement for a report to be included on service delivery issues in the Local Authority area.

**GENERAL**

I was appointed to the role of Community Development Coordinator commencing 4 July 2022.

During July, August and September I have been acting CDC in Milyakburra and Umbakumba.

The Umbakumba position has been filled and recruitment for Milyakburra is well underway. I now have more time to concentrate on Angurugu activities. Jonathon and Therese have been an enormous support to the CDC role during this time.

The Administrator of the Northern Territory visited Angurugu on 13 July. EARC were the host during the visit. A morning tea was catered for at the EARC Aged Care Centre, giving the Administrator an opportunity to meet with clients, staff and Anindilyakwa Ward's new Councillor Lionel Jaragba.

A survey to gauge community ideas in relation to the operations of Community Night Patrol was completed in August. Community recommendations have been recognised, and as suggested by community, hours of operation are being trialed from 7:00PM to 1:00 AM.

Further changes noted from community suggestions will be trialed and implemented in due course. EARC engaged with numerous stakeholders in Angurugu during the survey.

Matthew Lalara has stepped up as CNP team leader, and is developing skills to deliver and coordinate the CNP program in Angurugu.

Municipal Services have spent many hours cleaning around the community in preparation for cyclone season. Forty plus loads of rubbish have been taken to the tip. The new skip bins around the community are working well and Municipal Services ensure they are emptied regularly.

Municipal Services carried out Cash for Containers recently, with 16 bags of containers being collected and sent off Eylandt.

As Community Development Coordinator, I have been attending the Groote Eylandt Emergency Management meetings with Police and other stakeholders in preparation for the impending cyclone season. Therese has assisted in development of an equipment list for LEM and will continue updating as equipment audits are finalised.

Youth, Sport and Recreation has seen a change in local workers recently with Basil Bara moving on to take up a driver position with Work Pac.

Basil was a great help and will be missed. Taking his place are Ishmael Lalara and his wife Tara Wunungmurra. Both have come across from Angurugu School, with Ishmael bringing a wealth of knowledge, having spent a number of years in the Learning on Country role at the school.

The Youth, Sport and Recreation team have been consistently taking Family on Country trips for bush trips. With Ishmael now on board, trips have been to Red Sands and South Point. This provides opportunities for families that don't have working vehicles to get to Country.

Youth, Sport and Recreation have also started art lessons during the week, with Tara running these for the little ones.

Movie nights and BBQ's are still the greatest engagement with families, even though it has been a little inconsistent recently with numerous Sorry Days.

The Youth, Sport and Recreation gym is also a big hit with children, especially the sled and battle ropes.

The Family Skills Facilitator, Stacey Foott, has been working closely alongside stakeholders with children between the ages of 0 to 12 and their families on Groote Eylandt.

The Program is delivered at FaFT and crèche in Angurugu and Umbakumba, including working with strong women and men to implement parenting programs in collaboration with:

Early childhood practice groups & MACCST (Child Safety Focus), schools, Gebie Pak, health clinics, Connected Beginnings, Territory Families and Outlook Psychology.

The family skills facilitator has also been receiving referrals and case managing families requiring extra assistance, through home visits in both Umbakumba and Angurugu. Stacey has now moved on from this role.

The report author does not have a conflict of interest in this matter (Section 179 of the Act).

<b>TITLE</b>	Youth, Sport and Recreation Community Update
<b>REFERENCE</b>	1666744
<b>AUTHOR</b>	Peter Dunkley, Regional Manager Youth Sports and Recreation

**SUMMARY:**

This report sets out to highlight Youth, Sport and Recreation staffing updates, events, activities, successes and challenges in your community.

**BACKGROUND**

The Youth, Sport and Recreation program aims to strengthen young people, helping them live happy, healthy lives. As such, we deliver a range of funded activities and programs including after school hours activities, school holiday programs, camps, hunting and bush trips, movie nights, arts/music, formal and informal sports and physical activity, Youth Diversion case management, staff training and capacity building.

**GENERAL**

The Youth, Sport and Recreation program seeks input, feedback and support from the Local Authority in an effort to continually improve what we do. Please note the following updates for Youth, Sport and Recreation in your community:

- Community staffing update.
- Current after School hours programs.
- School holiday programs.
- Upcoming events.
- Remote Sports Program (formal and informal competition, visits from peak sporting bodies).
- Youth Diversion (Yirrkala/Gunyangara, Milingimbi, Ramingining, Gapuwiyak).
- Program success / challenges.
