**SUMMARY:**

This is a report of the key broad issues since the last report to Council, in addition to those covered in other parts of the agenda.

**GENERAL****Happy New Year**

It has been a quiet time of year since our Local Authority meetings in November over the end of the year period. I hope all Local Authority Members, your families, Clans, Traditional Owners and community and homeland members have had a restful and peaceful Christmas and New Year festive season.

**Local Government Association of the Northern Territory Meeting Outcomes**

It was a pleasure to attend the General and Annual General Meeting in Darwin in November, of the Local Government Association of the Northern Territory (LGANT).

Deputy President Kaye Thurlow at the time represented Council in place of President Lapulung Dhamarrandji, who had important cultural obligations to attend to in Mililingimbi. Councillor Wesley Dhamarrandji was able to join Councillor Thurlow at the Annual General Meeting.

A highlight of the meeting was the attendance of the Chief Minister and her Cabinet Ministers for an hour and a half session. The discussion started on the important matter of law and order and youth justice, as discussed with the Chief Minister and senior officials a couple of months ago. A range of actions were taken on this and other issues raised on other topics, which LGANT will continue to follow up for progress.

The Chief Minister has committed she and her Cabinet Ministers will attend every LGANT General Meeting from now on, to enable genuine and meaningful engagement and action on a wide range of important issues and challenges across the Northern Territory.

Also of note, the Lord Mayor of the City of Darwin Kon Vatskalis, was re-elected as LGANT President. A number of strong Indigenous people were elected to represent Regional Councils on the LGANT Executive.

East Arnhem will continue to work closely with the LGANT President, CEO, staff and other Councils, and play a strong role on key issues like the recognition on Aboriginal Community Controlled Local Authorities and Regional Councils in processes like Local Decision Making, Closing the Gap, and the development of Local, Regional and National Indigenous Voice, and Northern Territory Treaties.

### **Election of New Deputy President**

Council thanked Councillor Kaye Thurlow, for serving as Deputy President for the last six months, and the ongoing contribution she makes to Council.

President Lapulung and I welcome the decision at its meeting in December last year of Councillor Lionel Jaragba as the new Deputy President. Lionel was one of the founding Councillors of East Arnhem Shire Council back in 2008.

In addition to recognising Councillor Jaragba's experience, knowledge and capacity in making the decision to appoint Councillor Lionel Jaragba as Deputy President, Council recognised the importance of his representation as a strong Anindilyakwan cultural man and leader for the people of the Groote Archipelago, alongside Yolngu President Lapulung Dhamarrandji.

I look forward with great commitment and energy to our year ahead, working for all the people of East Arnhem Land.

The report author does not have a conflict of interest in this matter (Section 179 of the Act).

**That the Local Authority notes the CEO Report.**

<b>ITEM NUMBER</b>	10.2
<b>TITLE</b>	Review and Further Empowerment of Local Authorities
<b>REFERENCE</b>	1715392
<b>AUTHOR</b>	Dale Keehne, Chief Executive Officer

### **SUMMARY**

Council has reviewed and endorsed the range of different recommendations that made by Local Authorities on how to further strengthen and empower their role which will now be provided to the Northern Territory Government and a Reference Group that will develop an Implementation Plan to be provided to the Minister for Local Government.

### **BACKGROUND**

Aboriginal people have run local government and community services in each Aboriginal community across the Northern Territory, since the end of the mission days.

From 2008 Aboriginal people have run local government and community services in a number of communities across larger regions.

This increased Aboriginal Controlled Council's ability to deliver services, and increased their voice and ability to deal and work with the Northern Territory and Australian Governments.

The voice of local communities has come from locally elected Councillors, and the creation of Community Advisory Boards in each community.

From 2013 this local voice was strengthened with the shift from Community Advisory Boards to Local Authorities which have a more formal role within the broader regional Councils. This includes a formal process for nominating members, formal and transparent agendas, and reporting back processes, the provision of specific Local Authority Project Funding, and secretariat and senior management support.

### **Review of Local Authorities**

The Department of the Chief Minister and Cabinet is conducting a formal review of Local Authorities. It includes key principles of Flexible Governance, Community Centred, Placed Based Engagement, Empowerment, Outcome Focused, and Accountability – and possible options to achieve them (see attachment A).

Following input from across the Territory, a Reference Group will be formed in January 2024 to develop an Implementation Plan on the strengthening of Local Authorities. The Reference Group will be led by the Department of the Chief Minister and Cabinet, and include representatives from the Local Government Association of the Northern Territory (LGANT), Regional Councils and Local Authorities.

The Implementation Plan is due to be developed from January to March to then be provided to the Minister for Local Government Chansey Paech for consideration and approval. The plan and any changes in it are due to be implemented from 1 July 2023.

The next steps are for the Regional Councils and the respective Local Authorities to provide comment and input on the Local Authority Review Report.

Council resolved at its last meeting on 20 October:

*That the Local Authority:*

- (a) Endorses the review of the Local Authority Review Report by each Local Authority, to consider and decide on the different recommendations to strengthen the role of Local Authorities, and any other recommendations.*
- (b) Endorses the nomination of President Lapulung Dhamarrandji, Chief Executive Officer Dale Keehne and a Local Authority Member, as representatives on the Reference Group to develop an Implementation Plan to strengthen Local Authorities.*

## **GENERAL**

Each Local Authority that met in November last year was asked to consider the review and further strengthening and empowerment of their Local Authority, to inform the review of Local Authorities being conducted by the Northern Territory Government.

The Local Authorities for Ramingining, Milingimbi, Galiwinku, Gapuwiyak, Angurugu and Yirkala all met, discussed at length and provided a range of very valuable recommendations.

The Local Authorities of Milyakburra, Umbakumba and Gunyangara were unable to meet due to important cultural sorry business, but will be consulted for their discussion and resolutions in the next round of Local Authority meetings in January.

Each Local Authority that met resolved:

*That the Local Authority, to further strengthen and empower their role, endorses the recommendations – in the attached document raised in the Local Authority Review Report.*

A full record of all the respective recommendations from each Local Authority is at Attachment B.

In recognition of the importance of honouring the full range and depth of the particular recommendations of each Local Authority Council has endorsed the resolutions of each Local Authority without change, to then be provided to the Northern Territory Government. Specifically it was resolved at its meeting on 15 December:

*That Council:*

*That Council endorses the respective recommendations of each Local Authority, to further strengthen and empower their role, as detailed in full in Attachment B, to be provided to the Northern Territory Government and Reference Group that will develop an Implementation Plan to be provided to the Minister for Local Government Chansey Paech.*

The report author does not have a conflict of interest in this matter (Section 179 of the Act).

## **RECOMMENDATION**

**That the Local Authority welcomes the decision by Council to endorse the respective recommendations of each Local Authority, to further strengthen and empower their role, as detailed in full in Attachment B, to be provided to the Northern Territory Government and Reference Group that will develop an Implementation Plan to be provided to the Minister for Local Government Chansey Paech.**

# Local Authority Review Report

## 1. Background

Local authorities (LAs) were established in 2014 under section 53B of the former *Local Government Act 2008* (the 2008 Act). LAs were established as a response to concerns from communities that the transition from the former community government councils to regional councils led to a loss of communities' voices in the planning and delivery of council programs and services in their community.

The inclusion of LAs in the structure of regional councils is intended to ensure communities have a say in their regional councils' planning, prioritisation, funding and delivery of services and infrastructure for their community; and the provision of information and feedback to communities about the councils' decisions and activities in that community. The ultimate goal is effective, responsive council services for remote communities.

## 2. Intent of the Legislative Framework

On 1 July 2021, the intent of the 2008 Act was further strengthened when it was replaced with the *Local Government Act 2019* (the 2019 Act). In addition, the previous *Guideline 8: Regional councils and local authorities* (Guideline 8) was replaced by the new *Guideline 1: Local Authorities* (Guideline 1). The provisions in the 2019 Act were in a new chapter entitled Local Decision Making to reinforce the intent and purpose of LAs.

The 2019 Act requires regional councils to seek their LAs' advice and recommendations in relation to the council's budget; their priorities for expenditure; their service delivery; regional plans; strategic directions; and funding. Regional councils must also ensure their strategies and plans are informed by the vision and priorities of the LAs, and must work with their LAs to foster constructive working relationships between the council and community.

The 2019 Act specifically provides for expanded roles for LAs and a mechanism for giving communities a stronger voice in local government matters that affect them. Section 78 defines the functions of a LA:

- to involve local communities more closely in issues related to local government;
- ensure that local communities are given an opportunity to express their opinions on questions affecting local government;
- to allow local communities a voice in the formulation of policies for the locality as well as policies for the area and the region;
- to take the views of local communities back to the council and act as advocates on their behalf;
- to contribute to the development of the regional plan;
- to make recommendations to the council in relation to the council's budget and the part of the council's area within which the LA performs its functions.

Guideline 1 provides how LAs are to operate and be administered by their respective regional councils, including appointments and resignations, meetings, LA member payments and reporting.

## 3. Local Authority Review

In 2021, before the commencement of the 2019 Act, the Department of the Chief Minister and Cabinet (CM&C) started a desktop review (Review 1) of how well regional councils and LAs were meeting the intent of the 2008 Act and Guideline 8. The aim of Review 1 was to identify good practice across the NT as well as areas that could be further strengthened, and to determine what actions could be considered to better support the delivery of the intent

## Local Authority Review Report

of LAs given their expanded roles under the 2019 Act. Review 1 focused on the 66 LAs established across the Northern Territory for the period 1 July 2019 to 30 June 2020.

Review 1 was informed by the information available on regional councils' websites, information held and observations made by CM&C and some feedback and insights provided by regional councils. The findings and draft recommendations were provided to councils and other stakeholders in early 2022 for comment.

The Review 1 report acknowledged limitations associated with any desktop process. However it provided a platform for more discussion with councils, LA members and others, resulting in the direction outlined in this report.

Review 1 confirmed that there is noticeable diversity in the functioning of LAs and the way councils work with them, with some LAs engaging strongly with their communities and working with their councils to deliver on community priorities and aspirations, and some others struggling to meet or attain quorum to enable recommendations to be made about community priorities. Some LAs, with their councils' support, consider broader matters than council business, acting as a forum and conduit for community engagement in matters including local, Territory and Commonwealth government priorities.

In addition, feedback from councils and LA members has indicated that some of the requirements placed on them by the NT Government, or interpretations of these requirements, are impeding their ability to achieve their core functions.

Feedback on Review 1 included the following:

**Role of LAs:**

- a need for greater recognition, promotion and celebration of the strengths of the LA model and more sharing of examples of LAs and their councils successfully achieving the intent of the Act;
- the need for CM&C, councils and LAs to have a clear and common understanding of the definition and scope of their core functions and requirements;

**Flexibility:**

- the need for flexibility in how LAs and their councils deliver on the core functions (or choose to move beyond the core) to respond to differences between communities, their aspirations and the capacity of LAs;
- providing for flexibility for those communities, LAs and councils who want to have more integrated engagement, not just on local government matters. For example, some communities would like to see a single body coordinating community input into local government and NT Government (or broader) planning, services and prioritisation; while others have indicated a preference that LA members continue to focus on local government and other groups are established or continue to provide input into NT Government and broader matters;
- recognition that some LAs are well established with consistent membership who deliver well-regarded outcomes for their communities and council, and others are less established; and that, over time, LAs may cycle through these stages. This impacts on the levels of support needed from councils for their LAs and the level of autonomy LAs may have, and needs to be accommodated in expectations set by CM&C and required of councils;

**Decision making**

## Local Authority Review Report

- LAs should have as much influence and decision-making power as is appropriate to their stage of development and the delegations of the council; for example, some councils have already delegated decision making in the use of LA Project Funding (LAPF) to their LA, and some have delegated decision making over other community funding. The council is the decision-maker about the level of delegation relevant for their LA/s;

**LA Members:**

- a need for greater role clarity, capacity building and support for LA members and LA chairs;
- the need to revisit whether proxies should be permitted for LA members;

**Administration:**

- CM&C should remove any administrative requirements that detract from the ability of the LA and council to deliver on their core function. This needs to be balanced with good governance and accountable administrative process, reflecting that LAs are involved in the use of public resources and should be respected in their communities as informed, well governed and responsive structures;
- performance reporting should be focused on the intended outcome; ie the demonstration by councils of the engagement of communities through their LAs, and of the council's responsiveness to the advice, input and advocacy of their LA, including through the delivery of agreed community priorities;
- LAs should be able to set their own agendas and conduct their own meetings, while recognising the role of councils in managing administration, building capacity and responding to the varying levels of experience and capacity of members;

**Resourcing/support**

- some LAs and their councils continue to see benefit in having CM&C representatives at meetings at least occasionally, to coordinate responses to questions from community and LAs about NT Government matters, as well as to support engagement with other NT Government agencies;
- LAPF is a valuable resource for LAs and their councils to respond to community priorities. However, some councils struggle to spend these funds in the required time frames. The support role of CM&C is important in helping councils to address any barriers to the timely expenditure of funding on community priorities as determined by the LA and council;
- Accessible information should be provided to enable communities to understand how priorities for the use of LAPF are determined, and where they are spent;
- A need for a review of the LAPF guidelines to ensure their alignment with the core intent of the LAs;
- Any changes to the LA model should avoid requiring additional council resourcing. For example, where communities and their LAs want to have a broader role than council matters, there may need to be negotiation of partnering with NTG or others to share costs.

As a result of feedback and further discussions, the focus of the Review 1 report changed considerably into this report. This report emphasises the intent of the legislative framework for LAs and provides a principles-based direction for how this intent will be strengthened across the diverse councils of regional NT.

This review does not anticipate a change in the 2019 Act in relation to the role of LAs; LAs will remain part of their regional council structure, and continue to be subject to the control and direction of their relevant regional council.

## 4. Principles

## Local Authority Review Report

The following principles have been developed to guide the way in which CM&C, regional councils and LAs will support the effective integration and involvement of communities in the system of local government, as intended in the 2019 Act. An amendment to Guideline 1 will be required to fulfil the aspirations below.

PRINCIPLE: Flexible governance	
<i>What does this mean?</i>	<p>All LAs have a core role: to enable their community to have a say in their regional councils' planning, prioritisation, budgeting, and service delivery for their community; and to support the provision of regular feedback to their communities about council activities and the achievement of LA priorities.</p> <p>Councils and their LAs, with their communities, will determine how they deliver the role so it is adaptable to different locations, community aspirations, and capacity. CM&amp;C will facilitate the sharing of examples of good practice from LAs across the NT</p>
<i>What does this look like?</i>	<p>LAs, with their councils, decide:</p> <ul style="list-style-type: none"> <li>• whether they and their community prefer that the LA focus on council business or take a broader approach with a wider range of community matters. If a broader approach is agreed this may need negotiation of support from CM&amp;C or other partners for non-council activities. Also, if a broader approach is agreed community input should ensure it avoids duplicating other community structures, authority or roles and that the role is understood and supported;</li> <li>• how the LA will conduct meetings and engage with their community;</li> <li>• how the LA will prioritise LAPF funds including how community input will be heard, how priorities will be decided, and how decisions and outcomes will be communicated to the community;</li> <li>• whether delegated decision making will be requested from the council;</li> <li>• the nomination process for LA members, with councils seeking LA and community input into their policy on criteria for selecting LA members;</li> <li>• the number of appointed members up to a maximum of 14;</li> <li>• whether the Mayor/President will be a member of LAs beyond their own ward;</li> <li>• the frequency of LA meetings (minimum four per year, with timing to enable input into, and feedback from, council planning);</li> <li>• the location of LA meetings - they should be held in public places to maximise opportunity for community members to attend; and</li> <li>• whether attendance at meetings via phone/video conference will be allowed.</li> </ul> <p>First LA meetings to recommend to council:</p> <ul style="list-style-type: none"> <li>• nomination of LA chair;</li> <li>• the kinds of priorities the LA would like to focus on for their community;</li> <li>• how information about meetings and decisions will be publicised. This must be at least on the council website for transparency for community members; and</li> <li>• the use of interpreters</li> </ul>

## Local Authority Review Report

PRINCIPLE: Community-centred, place based engagement	
<b>What does this mean?</b>	The way the council and LA engage with each other and the community is place-based and adapts to local needs, languages, time frames and cultural protocols to encourage community involvement.
<b>What does this look like?</b>	<ul style="list-style-type: none"> <li>• LAs will recommend to their council the process for community engagement and two-way communication between the council, LA and community</li> <li>• Community engagement is supported by principles of the Remote Engagement and Coordination Strategy</li> <li>• Communication is clear and accessible.</li> <li>• LAs with their councils decide the nature and format of reports to be provided by councils to LAs – brief, diagrammatic reports are enough</li> <li>• LAs and their councils decide how the feedback about priorities is given to the LA and community in a timely way such as through the Council Community Based Manager, local council member or LA chair outside of meetings if needed</li> <li>• Regional councils support their LAs to host at least one community based event each year to support community input into LA priorities, and council planning. These events may be funded through some LAPF. For example, some LAs may hold community barbecues twice per year: to provide input into LA priorities and council plans for their area; and to receive feedback about how the LA and council has responded to that input.</li> <li>• Information is provided by regional councils in LA meeting agenda papers on: <ul style="list-style-type: none"> <li>○ Decisions that council has made based on the LA's recommendations and advice</li> <li>○ Council resources and service delivery in the community.</li> <li>○ Progress / status updates on LA project recommendations.</li> <li>○ The amount of funding that is available to the LA for community priorities.</li> </ul> </li> </ul>

PRINCIPLE: Empowerment	
<b>What does this mean?</b>	LAs have authority to effectively carry out their core role as intended in the Act.
<b>What does this look like?</b>	<p>Where LAs seek to do so, regional councils consider opportunities for delegation of relevant decisions to LAs consistent with the <i>Local Government Act 2019</i>, including decision making about priorities for LA project funds</p> <p>Councils, with CM&amp;C assistance, provide training and resources to support professional development of LA chairs and members in governance and the LA role; and clearly communicate the role of LAs and regional councils to communities.</p>

## Local Authority Review Report

PRINCIPLE: Outcome-focused	
<b>What does this mean?</b>	LAs (and communities) can see that their recommendations to the council, based on community engagement, are being acted on; where this is not the case, they are informed of the reason.
<b>What does this look like?</b>	<p>Council annual reports include information that demonstrates how they have engaged with communities via their LA, and the outcomes delivered in response to LA recommendations/decisions.</p> <p>Compliance activity by CM&amp;C will focus on the intended outcome of LAs</p>

PRINCIPLE: Accountability	
<b>What does this mean?</b>	LAs and their councils continue to demonstrate high standards in governance and the use of public resources
<b>What does this look like?</b>	<p>LAs have opportunities for professional development in governance consistent with their core role through their council and/or with support from CM&amp;C if requested</p> <p>Decision making is transparent, focused on the best interests of the community as a whole, and conflicts of interest are managed. Information is accessible to community members about meetings, meeting proceedings, and opportunities for participation. Meetings are generally open to community members unless there is a defined need for confidentiality consistent with the provisions in the <i>Local Government Act 2019</i>.</p>

## 5. Examples of Good Practice

To be discussed with, and provided by, regional councils.

## 6. Next Steps

This report will be provided to regional councils and other stakeholders for comment and input. Regional councils are encouraged to engage with their LAs in developing feedback. CM&C is available to assist as needed.

An implementation plan will be drafted for feedback from regional councils and LAs through their respective councils. The implementation plan will be developed through a reference group led by CM&C with the Local Government Association of the NT, and council and LA representatives.

The final LA Review report and Implementation Plan will be provided to the Minister for Local Government for consideration and approval. It is intended that this will be completed within the first quarter of 2023.

The LA Project Fund grant funding guidelines will be reviewed in 2022-23 in consultation with regional councils along with Guideline 1. Any recommendations for changes will then be advised to the Minister for Local Government for consideration for implementation in 2023-24.

## Local Authority Recommendations

## Milingimbi

It's our Local Authority - It's just for us.

We want Local governance training.

We want to make our community's better. Especially for place for our kids

Connect with our service providers, by inviting them to each Local Authority meeting.

Invite kids to the Local Authority to learn about governance. Give them the opportunity, they are the new generation. They can learn from us and us from them, both ways. Could be a school project program linked to attending the Local Authority, with a focus on senior kids, and when they leave school.

Also want young people to join the Local Authority. Want the kids to have something to admire, and to have a voice and a say, how they see it, they're going to see something different from us.

Support open public meetings of the Local Authority, so the community can have their say and raise issues. Could do every 3 months or so. Make a public meeting planner, not just when things happen.

In the park in the dry and in the rec hall in the wet and build up, or the Church. 'So we are engaging everyone'.

Meet somewhere we get goose bumps, a special place. We can all do it like before, connecting together. We have as strong voice but we want to hear all voices from community.

Want reconciliation of all the Clans in the community, discussing together.

Use the PA system to invite all tribes to the community meetings.

Also invite other Clan members to join the Leaders or members. So that the kids and Balanda can see and recognise all the Clans.

We are building bridges together, walk hand in hand. To really make things happen, get input on all services in our community.

We need to help each other now.

Invite the Traditional Owners to be part of the Local Authority. We come under their wings, they gave us a place to live, without them we wouldn't have a place to live.

Invite the local regional representatives of the Northern Land Council to attend and maybe be part of the Local Authority.

Want the Local Authority to help bring people together, as they are willing to do.

Use Facebook and other social media more to let people know the value of what is happening in the communities, on the Milingimbi noticeboard and regionally.

Public meetings can lead to some people just being negative, and conflict. Need meetings to be respectful and reasonable and not go on forever. Could include training of the chair. Careful use of microphones or no use of microphones.

## Local Authority Recommendations

## Milingimbi

Want to hear from the community about a wide range of issues.

Let people know what Council is doing and what decisions are being made.

Re the number of Local Authority members, support not too many, to be able to reach agreement.

Re proxies support and want to be able to have someone else nominated to replace a Local Authority member at meetings.

The LA members need to be disciplined, by the law, to be the middle person, the Code of Conduct, in Yolngu and Balanda. We make the rules and should not break them. Commit an oath or pledge before we even become a Local Authority leader, like with Councillors.

Re rules – need to make sure everyone doesn't break the oath of how we should work properly. The Local Authority can be in the middle for all, not just one family, but a pledge to work for all people. All communities are very holistic in our way, and we see the outcomes the good and the bad.

Have free flowing discussion in community meetings, and not the same level of formality. But do want to capture and reflect back accurately what people said.

Oath could include a commitment to be positive and offer possible solutions. It's about obeying the rules of engagement.

Need to address the inequity of the level of sitting fees between different boards, to encourage and support people to join and participate. Particularly because the Local Authority deals with a wide range of issues and engagement across the community, and direct input into NT and Australian Government processes.

We need faith with action, to say something and make it happen.

## Local Authority Recommendations

## Galiwinku

We want to deal with all sorts of issues.

Talk to other organisations about their programs.

We should ask the older members in community also, but do want action.

Have a road map for the Local Authority of plans of what is next what are we looking for. Make decisions on what the topics are.

Work through issues with the Traditional Owners, to allocate land, for community projects.

Deal with safety of the community, kids fighting in public, drinking alcohol, Clans fighting with one another. All the Leaders are turning their backs on their own people. Local Authority and Council can ask for more Police.

Conduct a survey of all community members of their issues, evaluate them and capture the issues of life living in community. Then Council can consult other organisations to help deal with the problems better.

Families are not coming together, before we had leaders to solve issues.

Don't want someone else making decisions. The Police don't talk to the community about how to deal with the problem kids. A magistrate decides or someone else from outside of the community. The Shire has been brought in, but it can ask others to do more.

Rehabilitation for kids in community, with community members to be involved.

Local Authority has a useful role in raising issues with the Chief Minister, Ministers and government people.

Support holding monthly barbeques with the leaders, but they need to come.

Work with Homeland leaders through an MOU with Marthakal Homelands.

Consider changing name of the Local Authority to reflect the inclusion of homelands. It's the time to change and think of reunite and redefine our knowledge.

Invite homeland members to join as members on the LA, want to learn everyone's perspective.

The Shire has opening many doors for the community the Local Authority is neutral and can talk about anything.

Re Council services, the Local Authority has a direct voice of raising what services need to be provided, and if there are problems with services.

Sitting fees should be more than one level of payment for each meeting, for when we need to meet longer.

Needs to be fair.

Need responsible Local Authority members. Bring input of benefit to the community, real input.

Need to work hard and talk hard and then get paid.

## Local Authority Recommendations

## Galiwinku

Support inviting Yalu, ALPA, Why Warriors, Marthakal Homelands and others. If we are going to help the community we need to know what they are doing and make sure our services complement each other.

Talk to NLC to identify land owners and invite them to Local Authority meetings. Will be good to talk directly with other, and make allies. Want to help improve approval process for projects.

Get news out of the work of the Local Authority by more use of social media, Yolngu Radio, BRACS radio.

Talk to people face to face to hear about what their issues are.

Share information with the other local boards, on their platforms.

Use Call for Recognition to frame working with the community.

The Local Authority and Council is neutral, the umbrella for others in the community.

Approach NLC to seek funding for important projects, identified by the Local Authority.

Re proxies, should have so someone else who can attend in place of each member, for when they can't. Even if that person can't attend the family and Clan will have the voice still. The Local Authority should be able to decide. Would be like bringing back to Village Council to hear all voices.

Need to have fair representation across the Clans, and encourage them to join. So may need to increase the number of LA members from 14.

Need to advertise to attract more people, Facebook, Instagram, come and try and see.

Invite emerging leaders, and diversity, having knowledge and working together.

Decide on how Local Authority Project Funds are spent in Galiwinku.

Have Standard Operating Procedures for how the Local Authority works.

## Local Authority Recommendations

## Gapuwiyak

Hold public meetings.

Talk about what the community wants. How we can help the community.

Give feedback to the Northern Territory Government. Are a lot of issues and people give us ideas but we need to share.

Invite the community members to hear the voices of community and share.

Have to involve the people about they think about the community and what they want.

Raise issues we hear between meetings.

Are a lot of activities in the community. Good to have a barbeque to invite people together to talk to the services in one place. Use the rec Hall in the rain.

Give gifts to people to encourage them to come. Ask them to come with their ideas of projects and services. Shelters, footpaths, other things.

Could have separate barbeques for men and women to allow space to talk about their issues.

Have booklets to show what the Council does, services and projects.

Communicate by using the Council notice board, as well as social media.

Take comments of what people want by writing down or on social media. Also encourage use of tablets in offices, and look at using mobile phones also.

After meetings meet with community to tell them what Council is doing, and seek input.

Invite all the TOs to any public meetings.

Ensure all ideas and recommendations are written down, and share back.

Invite key local organisations along to have a place on the agenda to talk about their work and discuss together.

Explain the role of Local Authorities and Council through all forums.

Want more young people on the Local Authority. From 15 to 20s and 30s.

Also other younger kids of all ages as it's important to hear their voices and issues. Could include a youth forum making views to the Local Authority.

Re proxies support having as is culturally appropriate and ensures maximum representation.

Support a review of sitting fees to be fair and equal with other Aboriginal organisations.

Want different governments to talk to us together, not all separate.

Don't want to get caught in politics, just work for the whole community, and just our community.

We, the community want to make the decisions ourselves.

Local Authority Recommendations

## Gapuwiyak

Re delegated authority want on how Local Authority Project Funds are used in our community. To slow otherwise, and should be our choice.

Also support that we decide who our Local members are.

## Local Authority Recommendations

## Angurugu

Match the sitting fees of other boards. People going to other meetings get paid more. Is happening now.

Want more people on the Local Authority who are reliable and committed, so we can have the meetings. Make sure they will be in community, not always travelling.

Get young mob in too. Get them ready to be leaders. Good to have people who aren't involved in everything else, so they have time to come.

Need to check if people have health issues, if they can't attend.

Should be a rule that Councillors need to attend the Local Authority. They are the leaders, they are taking the voice back to Council.

Councillors need to have time for Council Local Authority meetings, and not be on too many other boards. Particularly if other boards like ALC pay more, 300 to 500 dollars a day.

There is nothing hidden with Council and our LA. Everything is on the table. We feedback to the members, the community about what is said in meetings.

Use Facebook to tell community about the important things happening, updates. More feedback so the community can see what Council is doing, small to big things.

Re membership, we want to get new people on more quickly. Takes a long time to get final approval. We know and we should decide. Best if can approve to join immediately at a Local Authority meeting.

Same for Local Authority Project Funds. It's our community so we should just have our direct say, and get action straight away. Can apply for other issues too. Get action quicker if Council staff can start dealing with what we need when we raise it.

Each community needs its own voice, this is our community and the others are there's.

Difficult to invite other organisations to the Local Authority meeting as there is a lot of politics and they keep things secret.

Issue of conflict of interest needs to be dealt with of some Councillors who are on other boards, specially the ALC.

Want as many different voices as we can get. Is hard as people are scared of the powerful people who threaten them if they speak out. Try and deal with by broadening the type of people on the Local Authority who are willing to talk.

Community meetings are hard as one person does all the talking in language and does all the talking, and threatening people. Better to speak in clear plain English. It can then be all open with no threats.

Should know how to act in meetings. Be trained to sit in meetings and act in meetings. Need anger management training and how to act so everyone can talk.

Need to be positive and come up with solutions and, not winging, negative and threats.

Need to work by a clear code of conduct and follow it.

Need transparency and we get that from Council, but not others, like the ALC.

## Local Authority Recommendations

## Yirrkala

Want to deal with the big issues like alcohol, kava, policing, housing, other issues.

The people on our Local Authority are the voice for our people. Any projects or programs that are happening in Yirrkala should go through the Local Authority. A big role for the Local Authority members and also community members.

We want government to recognise our voice, we are the ones who make the decisions, Some of us come from different areas, some community, some homelands but we work for everyone.

The funding bodies should give us better sitting fees, We have to travel to meetings and take out time. We are the voice who advocates on behalf of the community and the TOs.

Local Authority members would like to also go to Council meetings to listen. Sometimes Council members don't bring the story back so Local Authority representatives could go to the Council meetings.

Recognising the Local Authority is needed. The NT Police should consult the Local Authority. We have to have a good connection to work together. It gives the Local Authority empowerment about what is going on in community and who the LA represents.

The Police do not know our culture and law. Need partnership with the Night Patrol and community. Have agreement how we work together.

Want to have our direct Authority on how we spend Local Authority Project money, as well as our members.

The Local Authority body is a very important thing, for programs and projects. If we were not here making those decisions then who would?

Local Authority members need to attend meetings and act properly, with respect of the importance of the role.

Want the Local TOs, the senior TOs, on the Local Authorities.

The 13 Clans should all be on the Local Authority.

Young people should also attend meetings so we can hear them. The Indigenous Liaison Officer should gather people from around the community.

We want each Local Authority member to be able to choose to come in their place.

Want to invite other local Aboriginal organisations to do PowerPoint presentations about they do, and their services. Could discuss. Good for us to listen to what they do and they can listen to what we do, projects and other things.

Want to raise issues with the NLC we are having, to get approval for lease. Invite NLC local Board member representatives. Can understand each other better and issues.

Need to be paid more, not fair.

Need government to come and talk to local Yolngu who are sitting on the ground. It has been put there by our ancestors and that is never going to change. The Local Authority can help all people to be heard together at the same time. Want governments to come talk with us together. Invite all stakeholders.

Local Authority Recommendations

## Yirrkala

Have outside meetings to invite all community members to discuss different issues. Like at the Art Centre.

Talk about employment opportunities in big community meetings run by the Local Authority. The Community Liaison Officer could help.

Use Facebook and ARDS radio more.

Like input into how Council delivers services in Yirrkala, like it's done with our patrol and sport and rec.

Include the homelands of Yirrkala in the Local Authority. We're all the same people. We are all homeland members.

Laynhapuy Homelands Aboriginal Corporation to continue its role.

Community: Galiwin'ku

Reporting month/period: November - December

Overall comments:

- Overall the animals in Galiwin'ku are in good condition and health. Population control generally seem stable.
- Galiwin'ku community has had the most uptake of the EARC vet cabinets and we thank the EARC staff on the ground in Galiwin'ku for assisting us with that process. The AMP team has done eight remote consults over the festive period and dispensed medications six times out of the cabinet.

- The last vet visit of 2022 was on 9 November and the team was very busy. All animals that were on the follow up list were either seen for consults or the team tried to contact the owners. If owners were not contactable the team dropped into houses. The team did 20 consultations and handed out 25 parasite treatments during one day.
- Visits to community: Day trip Wednesday 9 November by Dr Maddy and Sarah.
- The requests for veterinary assistance by community members in Galiwin'ku continues to increase. The AMP team is particularly spending a large amount of time responding to requests for private practice clients. The team is discussing how this can be managed to refocus more on community-related tasks.

Concerns/Challenges:

- Animal welfare concerns/cases: One dog the AMP team saw on 9 November, had been allegedly maliciously ran over by a community member. The team treated the dog and informed the owners to report the matter to the police.
- One house reported all three of their dogs had been maliciously attacked. One dog via a machete being slashed across the face, one dog being hit by car by drunk driver causing severe injury (dog will most likely die), one dog being wacked over the back with a steel post causing possible fracture and not able to walk.
- Dangerous dog incident: Still awaiting the details of a dangerous dog incident over the festive season. A person has been bitten and the AMP team will follow up.

Any issues or concerns that need to be addressed at LA or council meeting:

- Malicious attacks against animals, causing serious injury or death by drunk or high community members. This is causing a rise of cheeky/aggressive dogs at night time.

Follow-up list for next visit:

- Education targets:
  - Education in community on how to treat and handle animals nicely.
  - Educate council workers with our first aid cabinet information.
  - More education in Galiwin'ku at school in early 2023.
- Routine de-sexing.
- Regular Parasite treatments.
- Next veterinary visit to Galiwin'ku: 14 - 15 March 2023 by Dr Maddy and Sarah.
- Extra veterinary visits are scheduled in 2023 above the regular four visits per year due to the growing population in Galiwin'ku and the increase in animal numbers.
- A full schedule for 2023 will be released by the team soon.

This dog was seen by Dr Maddy in November at the Galiwin'ku takeaway shop for an injured paw.

We treated this “mumma” dog and her puppies for ticks, worms and fleas. She seemed very happy to see the AMP team in Galiwinku.

Dr. Maddy and owner Naomi treating her cats for fleas and ringworm. The plan is to desex all of Naomi's cats during the 2023 de-sexing season in Galiwin'ku.

Sarah treated a lovely cat for fleas and worms and enjoying some cat cuddles

This little puppy is being treated for ticks, fleas and worms by Sarah. It was underweight and sick. We will check up on this puppy during the next visit.

These community areas now have signed off asbestos clearance certificates and can be managed through EARC's internal Asbestos Management Plan. Some larger pieces of pipe were also marked and mapped and correct removal and disposal will be organised.

<b>ITEM NUMBER</b>	10.5		Review
<b>TITLE</b>	Funeral Services and Cemetery Management Policy -		
<b>REFERENCE</b>	1717032		
<b>AUTHOR</b>	Andrew Walsh, Director Community Development		

**SUMMARY:**

This report is to provide information to members on the proposed updates to the East Arnhem Regional Council Funeral Services and Cemetery Management Policy following the introduction of the Northern Territory Burial and Cremation Bill 2022.

The report provides opportunity for the members to reflect on the proposed Policy and to directly influence the final policy and the management of the East Arnhem Regional Council Community cemeteries.

**BACKGROUND**

On 29 November 2022, the Territory Labour Government passed legislation that expressly respects traditional Aboriginal burial practices. The Burial and Cremation Act 2022 enables traditional owners to notify authorities about burials and exhumations in areas outside of a community controlled cemetery, rather than seeking approval.

The Act also allows for those who make decisions for land to maintain autonomy in how burials are conducted, without needing to adopt a Westernised cemetery management approach.

Different practices for the burial, exhumation, and disposal of human remains are allowed in certain areas, and take into account economic, social, cultural, and regional interests.

The Burial and Cremation Act 2022 replaces 70-year-old legislation that pre-dated Aboriginal Land Rights in the NT.

Why new legislation was needed: previously, cemeteries in regional and remote communities on Aboriginal land were not legally recognised. This means in many cases burial records were not kept for these areas. East Arnhem Regional Council has maintained burial records for burials inside Community cemeteries since 2018.

The new legislation ensures that burial areas in Communities are legally recognised, and records of burials are maintained. This will help ensure that people across the Northern Territory will have a record of where deceased loved ones are buried.

Having a record of burial sites will ensure they are respected and that future generations can have a connection to their family history.

**GENERAL**What has Changed with the Legislation:

- The new legislation requires records be kept for all burials in the NT.
- Allows burying in cemeteries, burial grounds and other areas.
- Ensures that those responsible for the land have power to decide whether cemeteries or burial grounds are recognised, this includes Traditional Owners of Aboriginal land.
- Ensures that a decision maker for the deceased can be a person with authority under Aboriginal customs and traditions, this is also known as a senior next of kin.

Burial areas

The new legislation recognises two types of burial areas:

- Cemeteries.
- Burial Grounds.

The difference between a cemetery and a burial ground is that the latter doesn't have an organisation that looks after and manages the area.

There are four possible types of cemeteries, managed by the following organisations:

- Public cemeteries – urban cemeteries managed by local government councils.
- Community cemeteries – regional and remote cemeteries managed by local government councils.
- Local cemeteries – regional and remote cemeteries managed by Aboriginal corporations or other organisations.
- Independent cemeteries – cemeteries managed by private organisations.

You must apply to the relevant organisation for a burial to take place in the cemetery. The organisation will keep records of all burials.

### Burials and other areas

People can bury outside of a cemetery, such as:

- Burial Grounds.
- Out on Country.
- On Pastoral properties.
- Near Homelands.

Although a burial ground is a declared area, there is no responsible organisation to manage a burial ground.

A representative nominated by the land owner can consent to burials in burial grounds.

Land owners can decide if the area becomes a:

- Cemetery or
- Burial Ground.

They can also decide if it continues to be an undeclared area.

Individuals must notify the department about a burial in a burial ground or other areas, the department to be notified is not the East Arnhem Regional Council.

The department keeps records of all burials outside of cemeteries.

Under the new legislation, individuals must notify the department if you are burying outside a cemetery. A burial notification for outside of a cemetery is not an approval process.

### Policy Updates

The East Arnhem Regional Council Funeral Services and Cemetery Management Policy has been updated to reflect the changes in the new legislation. This is the second update since the proposed legislation was first tabled in 2019. The last update was considered and approved by Local Authority in July 2020 and endorsed by Council on 8 May 2020.

Many of the changes in the first revision have remained in the current policy, including the provision of \$1000.00 in kind service to residents of the Community who have completed a Burial Application Form and are conducting the burial inside the Community cemetery.

The policy purpose is to define the level of support provided to residents of the East Arnhem Regional Council (EARC) communities undertaking funeral activities, and define management, service and record keeping activities of the Council controlled community cemeteries and other burial activities.

Policy Objectives include:

- To define hours of operational support (funeral services).
- To define services available.
- Apply limitations to gratis services offered by the Council.
- Apply applicable fees to non-gratis funeral services.
- Ensure compliance with records management per relevant legislation.

East Arnhem Regional Council is responsible for the efficient delivery of local government services and a range of agency funded services to nine (9) communities in East Arnhem Land. Under the Northern Territory Burial and Cremation Act 2022 (ACT) Council has set statutory obligations.

EARC receives financial assistance to maintain and provide administration of cemeteries as part of the Council's core services defined in the Northern Territory Local Government Act 2019. This financial assistance covers cemetery maintenance and management.

Council is recognised as the responsible entity for cemeteries within communities administered by Council under the Northern Territory Local Government Act and Northern Territory Burial and Cremation Act 2022.

The manager of the cemetery is the Chief Executive officer or an individual within a position with delegation to act as the Manager.

The following principles have been applied to the development of the policy:

- (1) to enable and accommodate different methods and practices for the burial, exhumation and disposal of human remains, including respecting the rights of Aboriginal people to practice customs and traditions in relation to burials, exhumations and disposals; and
- (2) to ensure records of burials, exhumations and disposals of human remains are kept and maintained for the benefit of next of kin and future generations; and
- (3) to regulate record keeping for the protection and maintenance of burial sites; and
- (4) to recognise different burial areas for the burial of human remains; and
- (5) to regulate cemeteries for the burial of human remains; and
- (6) to regulate the management of cemeteries in a way that takes into account economic, social, cultural and environmental wellbeing and regional interests; and
- (7) to regulate facilities for the disposal of human remains.

The Policy has also been drafted on the recognition of rights and interests of Aboriginal people.

Attached to this report is the draft policy for review.

Questions for the Local Authority members to consider when reviewing the policy:

Section 5.1 Cemetery Access

Section 5.3 Funeral Services (Section (2) Gratis Services)

Section 5.4 Hours of Availability

Section 5.5 Notification

Section 5.6 Application for burial approval within a Community Cemetery

Section 5.8 Applicable fees

Section 5.10 Refusal of Service

Section 5.12 Burial without approval

Section 5.13 Burial outside cemetery  
Section 5.15 Services not provided

Please note that under the new legislation it is now an offence to conduct a burial without approval within a Community cemetery or without providing notification to the department outside of a cemetery (Section 5.12 Burial without approval).

Local Authorities recommendations on records management is valued, the Act and the proposed policy deem **culturally sensitive information**, in relation to a deceased person, information identified as culturally sensitive in:

- (1) a burial application / approval form;
- (2) a burial notification;
- (3) an application for exhumation and relocation of human remains under section 87(1) of the Act;
- (4) an exhumation notification;
- (5) a disposal approval form.

The burial application form requires the following information, if the Local Authority can make recommendations on information that Council should class as culturally sensitive.

Burial Application Form requirements:

- (a) The following details regarding the applicant:
  - full name, address and contact details;
  - relationship to the deceased person;
- (b) One of the following documents in relation to the deceased person:
  - a notice under section 34(1) of the Births, Deaths and Marriages Registration Act 1996;
  - a certificate under section 12(3) of the Births, Deaths and Marriages Registration Act 1996;
  - a certificate issued by the coroner or the coroner's clerk under section 17(1) of the Coroners Act 1993;
  - a certificate issued by the Registrar under section 44(1)(a) of the Births, Deaths and Marriages Registration Act 1996 certifying the registration of the death of the deceased person;
- (c) Confirmation of the notification of, or confirmation of reasonable attempts to notify, the decision maker for the deceased person;
- (d) Any objection, known to the applicant, from the decision maker for the deceased person to the burial of the deceased person.
- (e) The time and date the service is requested for
- (f) Preferred location inside the Cemetery or approved burial ground
- (g) Authorisation for the records to be kept by the East Arnhem Regional

**Culturally sensitive information** will be redacted in any request to access the Community cemetery register.

The Policy also list services that East Arnhem Regional Council do not provide in a Community Cemetery or for other burial locations:

- (a) Multiple burials in the same plot
- (b) Cremation
- (c) Disposal of human remains
- (d) Exclusive rights of burial
- (e) Construction or erection of structures for interment

The report author does not have a conflict of interest in this matter (Section 179 of the Act).

## RECOMMENDATION

That Local Authority:

- (a) Notes the report
- (b) Approves the draft Funeral Services and Cemetery Management Policy
- (c) Classes the following information as Culturally sensitive information on the burial form:

## GENERAL BUSINESS

<b>ITEM NUMBER</b>	10.6
<b>TITLE</b>	Public Local Authority Meetings and Mural Project
<b>REFERENCE</b>	1717042
<b>AUTHOR</b>	Divyan Ahimaz, Strategic Coordinator

### SUMMARY

This report is authored to seek financial support to make progress on two action items from Local Authority action listings, Public Local Authority Meetings and the consultation phase of the East Arnhem Mural project.

### BACKGROUND

The Public Local Authority Meetings model is aimed at increasing accessibility of Local Authority meetings to more members of the community in the East Arnhem region.

In these meetings, community members will have greater opportunity to discuss points of interest and suggest future discussion topics to the Local Authorities. Discussions will be hosted and recorded in mutually respectful ways to instill a sense of the community being heard and working together for the betterment of the wider community.

Following the approval of the Local Authority project by the elected members of Council, EARC has engaged with mural artists George Domahidy and Luke Breen to consult with communities through workshops, before executing the artwork in the external facing wall in EARC's Nhulunbuy Support Office.

### GENERAL

#### Public Local Authority Meetings

The Public Local Authority (PLA) Meetings will be held in public, community facing buildings and spaces. This is aimed at assisting in the development of the region to provide consistent legitimate representation, effective governance, improved service delivery and sustainable development through increased community participation.

To facilitate this to the community members, EARC will have to purchase resources and other miscellaneous items to form mobile kits dedicated for each community. The below table shows distribution of items proposed for the communities with the exception of miscellaneous items.

Community	PLA Items				
	Tables	Chairs	Table Cloth	Projectors	Screens
Angurugu	7	40	2	1	1

To fulfill the acquisition of the above mentioned items, EARC is seeking approval from the Local Authorities to fund \$4,500 per community as part of the Local Authority Project Funding, totaling to \$40,500.

### East Arnhem Mural Project

To support the consultation and conceptualisation phase and overall logistics of the East Arnhem Mural Project, EARC is seeking approval for a financial support of \$9713.11 as part of the Local Authority Project Funding, totalling to \$87,418 across nine communities.

The consultation phase begins when the artists travel to all nine East Arnhem communities to hold workshops with adults and children. These workshops will be an engaging time of art making on t-shirts and other mediums for the community members to take away. The crucial part of the consultation phase is when the artists bring back suggestions and identify themes that each community wants as a representation of itself on the final mural in Nhulunbuy.

The breakdown of costs is as below:

Item	Cost
Community consultation (including workshops with adults and children)	\$33,638.00
Conceptualisation	\$3,300.00
Logistics	\$50,480.00
<b>TOTAL</b>	<b>\$87,418.00</b>
