## 4. Policy

**4.1** KMX Nursing Agency Ltd takes a zero-tolerance approach to any discrimination, harassment and/or victimisation which one member of staff may perpetrate against another and/or against any other person, including but not limited to former employees, job applicants, clients, customers, suppliers and visitors.

**4.2** Equally, this policy not only applies in the workplace but also outside of it when the member of staff is dealing with customers, suppliers or other work-related contacts, or when wearing a work uniform and on work-related trips or events including social events.

**4.3** The following forms of discrimination are prohibited under this policy and are unlawful:

- | **Direct Discrimination:** Treating someone less favourably because of a Protected Characteristic. For example, rejecting a job applicant because of their religious views or because of their sexuality
- | **Indirect Discrimination:** A provision, criterion or practice that applies to everyone but adversely affects people with a particular Protected Characteristic more than others, and is not justified. For example, requiring a job to be done full-time rather than part-time may adversely affect women because they generally have greater childcare commitments than men. Such a requirement would be discriminatory unless it can be justified
- | **Harassment:** This includes sexual harassment and other unwanted conduct related to a Protected Characteristic, which has the purpose or effect of violating someone's dignity or creating an intimidating, hostile, degrading, humiliating or offensive environment for them. Harassment is dealt with further in our Anti-Bullying and Harassment Policies
- | **Victimisation:** Retaliation against someone who has complained or has supported someone else's complaint about discrimination or harassment
- | **Disability Discrimination:** This includes direct and indirect discrimination, any unjustified less favourable treatment because of the effects of a disability, and failure to make reasonable adjustments to alleviate disadvantages caused by a disability

**4.4** Any data collected as part of this policy will be processed in accordance with current Data Protection legislation, the Privacy Notice issued to staff and the Data Security and Data Retention Policy and Procedure of KMX Nursing Agency Ltd. KMX Nursing Agency Ltd appreciates that certain health data and medical reports will be special category data and KMX Nursing Agency Ltd will process this data accordingly.

## **5. Procedure**

**5.1** KMX Nursing Agency Ltd will provide appropriate training on Equal Opportunities. KMX Nursing Agency Ltd is committed to following the European Human Rights Commission Employment Statutory Code of Practice and has appointed an appropriate Senior Manager to have responsibility for Equal Opportunities training.

### **5.2 Recruitment and Selection**

Any selection exercises including recruitment, promotion and redundancy selection, amongst others, will be carried out with regard to objective criteria which specifically avoid any issues of discrimination. Similarly, where possible, KMX Nursing Agency Ltd will ensure that such exercises are carried out by more than one person.

Any vacancies will be advertised to as wide and diverse an audience as possible. Such advertisements will not discourage any individual or group from applying. Job applicants will not be asked questions which might suggest an intention to discriminate on grounds of a Protected Characteristic. For example, applicants should not be asked whether they are pregnant or planning to have children.

Job applicants will not be asked about health or disability before a job offer is made, except in the very limited circumstances allowed by law: for example, to check that the applicant could perform an intrinsic part of the job (taking account of any reasonable adjustments), or to see if any adjustments might be needed at interview because of a disability. Where necessary, job offers can be made conditional on a satisfactory medical check. Health or disability questions may be included in equal opportunities monitoring forms, which must not be used for selection or decision-making purposes.

### **5.3 Disabilities**

If a member of staff is disabled or becomes disabled, KMX Nursing Agency Ltd encourages them to tell their manager about their condition so that KMX Nursing Agency Ltd can consider what reasonable adjustments or support may be appropriate.

### **5.4 Part-time and Fixed-term Work**

Part-time and fixed-term employees should be treated the same as comparable full-time or permanent employees and enjoy no less favourable terms and conditions (on a pro-rata basis where appropriate), unless different treatment is justified.

### **5.5 Disciplinary Procedure**

## KMX Nursing Agency Ltd

Any member of staff found to be in breach of this policy will be subject to disciplinary action. Serious cases of deliberate discrimination may amount to gross misconduct, resulting in dismissal.

### 5.6 Grievance Procedure

If a member of staff believes that they have suffered discrimination, then they should raise these issues through Grievance Policy and/or Anti-Bullying and Harassment Policies of KMX Nursing Agency Ltd. A member of staff will not be bullied or victimised for raising issues under this policy.
