

BRUMBY

FROM
\$38,990*

The Cub Brumby is built for travellers who want a compact camper with serious capability. Featuring the easy rear-fold design to match the others in the Cub range, it sets up in minutes to reveal a spacious bed and clever folding floor space, giving you comfort wherever you roam.

Practicality comes standard: a 95L fridge box keeps supplies cool, while the included awning extends your living area with shade and shelter. Compact in size yet generous in design, the Brumby makes every campsite feel like home.

What sets the Brumby apart is its independent suspension, engineered to carry more gear with a higher ATM. This means you can pack extra equipment and tackle tougher terrain with confidence, knowing your camper is designed to handle the load.
