

# C16

The C16 is Cub's premium luxury hybrid caravan providing the comfort of a 5 star hotel room on wheels.

Proudly Australian Made and available in three different layout options (king, twin, and bunk), the C16 includes a range of curated luxury materials and offers exceptional build quality. The design features a bright airy cabin, and it comes as no surprise that the C16 took home a Good Design Award for Product Design in the Automotive and Transport Category at its debut.

The C16 offers extensive battery, solar and water storage capabilities, and teamed with the standard Cruisemaster ATX Airbag suspension, you'll be able to stay off grid and enjoy your champagne and oysters in the farthest reaches of Australia.

If you want to explore Australia in luxury, look no further.
