

DRIFTER

*Camper displayed with optional rear storage boxes

Many Australians can trace their first camping memories back to family holidays in an iconic 70's Cub Drifter. Today, this rugged 6-berth off-roader continues to feature a flexible family-orientated layout. With a Cub King bed, an extra double, and a plush, Microfibre Leather lounge that converts into an additional double bed, families have plenty of accommodation options.

Setting up or packing down this amazing camper is a breeze, taking just a few minutes, and when the Deluxe Awning is deployed, families have generous living space inside and out. The finishing touch on the Drifter is one of the best camp kitchens on the market, so you can cook up a storm whenever and wherever you like.

Cub's iconic Drifter is the only Australian made double fold camper on the market, and it's now more affordable than ever!
