

# ESCAPE

The Escape is Cub's largest rear fold camper. Out of any camper style, Rear Folds offer the most flexible multi functional space, and the easiest access.

This popular and spacious off-road model is ideal for families, or couples who want that bit of extra room, whether it be for dogs or bikes etc. With this extra area, Cub's Escape provides significantly more living space than any other major brand of camper trailer of a similar size.

You can easily tow the Escape behind a 4WD, and set up is quick and simple. The camper opens up to over 5 metres (~17 feet) of living space – plenty of room for a swag, bunks or extra storage. Also, this striking camper now comes standard with black body panels.

As well as a large fridge box and 105Ah AGM battery system, the Escape comes with independent suspension, 17" rims, twin shock absorbers, LED bedside lighting, twin USB ports, 12V battery charger, 240V battery charger, solar input and dual recovery points as standard. This Cub also comes with a queen pillow top mattress making it perfect for you to escape in comfort, anywhere.
