

H16

The H16 is Cub's premiere pop top hybrid caravan. With a chassis formed from Bluescope Steel, it continues the iconic Australian Made tradition that Cub is renowned for. Engineered to be a tough lightweight addition to our Luxury Hybrid Caravan range, the H16 is designed specifically for couples and families looking for a nimble, affordable caravan that offers more storage capacity without sacrificing the same luxurious features that are synonymous with a Cub hybrid caravan.

The H16 has a bright and airy interior, providing maximum comfort no matter where you go. There will be no "roughing it" while you're lazing on your pillow top mattress or unwinding under the awning and playing your favourite playlist on the integrated Fusion stereo. Wherever you choose to Get Lost in Luxury, the Cub H16 has you covered.

All model specification details are subject to change

[‡] The tare, ball weights and towing height are a guide only and will change depending on drawbar layout and accessories fitted to your caravan. Please discuss with a member of the Cub sales team prior to purchase. Each Cub Camper is weighed on completion of build and a precise written weigh bridge certificate is then provided.

*Dealer delivery fees may apply
