

# Classic

Introducing the Classic, a good quality, reliable, simple to use horse float from Cub, perfect for the demands of regional riders and horse people. Featuring adjustable chest bars, stallion head divider, swing out barn doors, 10' inch electric brakes, Australian hardwood flooring and a spring tailgate to ensure all your horse's needs are met. When on the road, Cub's renowned roller-rocker leaf springs ensure both tyres on each side follow the road contours, meaning you and your horses arrive safe and sound.

We at Cub are proud of our build quality and our over 55 years of Australian-made manufacturing experience. In recognition, for a limited time, the Cub Classic will be available as a special 55 Year Anniversary edition, including a special engraved anniversary plaque. Cub's modern day "Classic" horse float is a return to familiar territory, taking our original concept and improving it with contemporary design and manufacturing. The result is an instant classic.

The Cub Classic is also available in four colour options.
