

Living Faith – Episode 4

Catholic Community

PART 1 – Keeping the Fire

Jesus lived community intentionally.

Wherever 2 or 3 are gathered in my name, I am there – Trinity is community.

It is not good that man be alone. (Genesis)

We are saved together – as a family.

We are a coal in a fire – stay together to avoid cooling.

- On our own, we will go cold w/o other believers.
- Our faith rubs off on each other and together our faith is much greater.

If you want to take your faith seriously, you need to get around other people who take their faith seriously.

PART TWO – Around the Table.

How do we live in community?

Find a group at your parish – that you connect with.

- Friendship & faith will strengthen each other.
- Be proactive in inviting others.

If there isn't one, start a group.

- Don't be afraid to start small – 1 person to go for a cup of tea after Mass.

It was important for Jesus – so it is important for us to do this.
