

Emmanuel Lutheran Foundation (ELF)

2025-2026 GRANT PROGRAM ANNOUNCEMENT

ELF is currently accepting Grant Proposals

Grants are awarded to proposals that directly support the mission and programs of Emmanuel Lutheran Church (ELC), Laurel Hall School (LHS), or Laurel Hall Preschool (LHP). Funded projects must represent new initiatives or improvements that fall outside of the organization's annual operating budgets.

Examples of previously funded projects include guest author visits, new preschool sandboxes, and upgrades to the church sound system.

Each year, the Emmanuel Lutheran Foundation (ELF) Board determines the total amount available for grants based on the financial earnings of the prior year. Please note that not all submitted proposals may be funded. In some cases, a grant may be awarded in an amount less than requested.

A proposal that is not funded should not be viewed as lacking merit. It may be deferred for future consideration, fall under another area of the operating budget, or simply have been among many highly competitive applications.

ELF is proud to support a variety of meaningful projects that reflect the shared values of ELC, LHS, and LHP.
