In most areas of the country, state, or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

Prices shown do not include

delivery/setup charges; grave open/close charges; weekend/holiday overtime

Charges for those items will be disclosed to you during the arrangement and on your final statement.
