

The Ossuary

A QUIET AND DIGNIFIED PLACE OF REST
FOR CREMATED REMAINS

Although some families prefer to scatter the ashes of a loved one, many later regret not having a defined place of rest.

The Ossuary at San Tan Memorial Gardens was designed with those in mind who desire a permanent, and affordable final resting place for their loved one's cremated remains.

When placing the cremated remains of a loved one in the Ossuary, the remains are deposited into 1 of 3 large concrete vaults located beneath the ossuary garden. There they will rest permanently while allowing family and friends to honor them for generations to come.

Placement of cremated remains and memorialization in the Ossuary is available to all families and faiths.
