

Butterbridge Farms Pet Cremation Service

5542 Butterbridge Road NW – Canal Fulton – 44614

Phone – 330-833-3248

AUTHORIZATION

For Cremation of a Pet

Permission is granted by the undersigned to Butterbridge Farms Pet Cemetery and Cremation Service to cremate my pet. I affirm that I am the lawful owner of the pet. Butterbridge Farms affirms that all pets are cremated individually. I acknowledge that the cremation process does produce slight, unavoidable, commingling of remains due to the nature of the process. I also understand that if no arrangements are made for the final disposition, release, or shipment of the cremated remains, Butterbridge Farms shall hold the cremated remains for 30 days after cremation. If during this period the cremated remains are not retrieved by the undersigned, or an owner-designee, or if other arrangements are not made, Butterbridge Farms will ship or deliver the cremated remains to the address below. In the event that a good faith attempt at shipment and/or delivery is unsuccessful, and alternative arrangements have not been made within 60 days after cremation, the default is due to a party other than Butterbridge Farms, we may dispose of the cremated remains. I agree that I am responsible for the cost of the cremation, as well as shipping or delivery fees if the cremated remains are not retrieved within 30 days following the cremation.
