

7T-LED TREADMILL

7T-LED Console

The TKO 7T-LED Treadmill is engineered for durability, comfort, and high-performance training in full commercial environments. Its advanced impact absorption system delivers a superior feel for all users, while the reversible deck extends product lifespan. A low 8.5" step-up height ensures easy access, and ultra-quiet operation at just 73 dB creates a smooth, distraction-free workout experience. The customized A-Zone control area allows quick, intuitive adjustments during training.

Built for intensity, the powerful elevation system generates up to 1200 lbs of thrust, offering a 0-15% incline range for demanding workouts. Precision 3" steel tapered rollers keep the belt centered to minimize maintenance and noise, while the step-count system and 22" maintenance-free waxless belt deliver consistent performance.

7T-LED Console

Model	7T-LED
Power Requirement	120 volts (NEMA 5–20P electrical cord); 20-amp circuit recommended
Electrical Receptacle & Plug	110V
AC/DC	AC
Motor Power	4HP
Max User Weight	450 lbs
Speed Range	0-12.4 mph
Incline Range	0-15%
Step-Up Height	8.5"
Deck	Reversible 1" Deck
Running Surface	22" x 61"
Belt Thickness	2.3mm
Suspension System	Two-stage Buffering
Accessory Storage	Ipad/Iphone Holder/Magazine Holder/2 Bottles
Console Display	6LED+DOT MATRIX
HR Monitor	Contact & Telemetry
Console Readouts	Speed, Incline, Distance, Time, HR, Calories
Fan	Yes
Wireless Charging	Yes
