

Meddings at pipers Pipers BY THE LAKE

Pipers by the Lake offers unparalleled proximity to Ballarat's stunning lake and gardens precinct along with the luxury of exclusive access to the whole venue for you and your guests.

With a long history of wedding receptions dating back to the turn of the century, we have hosted countless weddings for not only Ballarat locals, but for couples from across Australia.

The location of Pipers is a standout, with it positioned on the foreshore of Lake Wendouree. It is also directly across the road from the Ballarat Botanical Gardens, with its 40 hectares of lush gardens and lawns. These natural surrounds make a perfect and highly popular backdrop for wedding photos.

The building itself sits as a grand pavilion nestled amongst century old trees and once inside, the open-plan space leads out onto a deck immersed in the greenery of the foreshore.

The venue is perfect for small and large groups, offering a perfect balance between an intimate gathering and having enough space for movement and dancing.

We take great pride in the quality of food and refreshments that we serve to ensure your wedding reception will live with you and your quests forever.

We look forward to helping you plan your special occasion.

From all of us at Pipers By The Lake.

"Guests were impressed about how the venue transformed from a restaurant to a wedding reception in such a short time. This shows great commitment of the staff. We had no issues with our reception and the venue made it memorable."

Crystal & Rob

"Delicious! Everyone was talking about the food for weeks after."

Chrissy & Ash

"The Pipers team were amazing. All of our guests have been saying that it was the best wedding that they have been to. Being a Ballarat girl, I've always wanted to have my reception at Pipers - I couldn't have asked for a better place."

Kris & Brendan

"When choosing a venue, Pipers was our first option. Being so close to the lake and the stunning Ballarat botanical garden. You are surrounded by amazing sights no matter where you look."
