August 12<sup>th</sup> at 1:00 p.m.

## Efficiency Smart

Get more money back when you buy a window air conditioner this summer! Efficiency Smart tripled the rebate on qualifying window AC units from \$50 to \$150 through September 30. Visit [www.energysmart.org/minster-ohio](http://www.energysmart.org/minster-ohio) and click "Home Energy Rebates" or call 877-889-3777 to learn more.

## Mosquito Control

Most people know that female mosquitoes lay their eggs in standing water; but did you know that each female can lay up to 400 eggs? Everyone can help control mosquitoes! Residents are reminded to take the following precautions regarding mosquitoes:

- Empty standing water from flowerpots, buckets, barrels, tarps/covers and wheelbarrows on a regular basis.
- Discard trash such as tin cans, plastic containers and other water-holding containers that have accumulated on your property.
- Dispose of discarded tires properly. Drill holes in tire swings so water drains out.
- Change the water in pet dishes frequently.
- Replace the water in bird baths weekly.
- Check and clean clogged roof gutters at least twice annually so they will drain properly.
- Keeping grass and weeds cut short eliminates hiding places for adult mosquitos.
- Keep children's wading pools empty and, on their sides, when they aren't being used.
- Minimize time spent outdoors between dusk to dawn when mosquitoes are the most active.
- When outside during dusk and dawn, wear loose-fitting, light-colored clothing that includes long pants, long sleeved shirts, socks and shoes.
- Apply insect repellents containing DEET, Picaridin or oil of lemon eucalyptus to exposed skin and clothing.
- Make sure doors and windows have tight fitting screens to keep mosquitoes out of your home.
