

LEAKE COUNTY SCHOOL DISTRICT | G Suite for Education Student Email Accounts

To Parents and Guardians:

At the Leake County School District, we use Google Workspace for Education, and we are seeking your permission to provide and manage a Google Workspace for Education account for your child. Google Workspace for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At the Leake County School District, students will use their Google Workspace for Education accounts to complete assignments, communicate with their teachers, sign into their Chromebooks and learn 21st century digital citizenship skills.

The notice below provides answers to common questions about what Google can and can't do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?
- Will Google disclose my child's personal information?
- Does Google use student personal information for users in K-12 schools to target advertising?
- Can my child share information with others using the Google Workspace for Education account?

Please read it carefully, let us know of any questions, and then sign below to indicate that you've read the notice and give your consent. Parents will have access to their student's email account by allowing the parent to have the student's email account password. If you don't provide your consent, we will not create a Google Workspace for Education account for your child. If the District does not have your consent to use Google services, it could potentially impact your student's educational experience. For example, students who cannot use Google services may need to use other software to complete assignments or collaborate with peers. Students must also have a signed Technology Acceptable Use and Internet Safety Contract on file with the district which addresses proper use of email by students and staff

I give permission for the Leake County School District to create/maintain a Google Workspace for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in the notice below.

Thank you,
Will Russell, Superintendent of Education
