

Board & Batten Panel

- Residential and Commercial Applications
- No exposed screws
- 40 Year Paint Warranty | 20 Year for Woodgrains
- Sherwin Williams Weather XL

26
Gauge

Board & Batten Panel is used for commercial and residential vertical siding projects. It features a hidden fastener design leaving no exposed screws on the panels. The panels snap together making the installation smoother. 26 gauge is a great choice for most projects and adds more durability. Board & Batten Panels have a 10" coverage and a $\frac{3}{4}$ " rib height.

Board & Batten Panel
