 **You can get up to £2,000 per child each year towards childcare costs with Tax-Free Childcare** 

Tax-Free Childcare is for working families, including those self-employed.

You can get up to £500 every 3 months (up to £2,000 a year) for each of your children to help with the costs of childcare. This goes up to £1,000 every 3 months if a child is disabled (up to £4,000 a year).

How does it work?

For every £8 you pay into your online account, the government will pay in £2. This means you can get up to £2,000 per year for each child towards the cost of childcare (or up to £4,000 per year if your child is disabled).

If you're eligible, you'll need to create an online childcare account via the [Government Tax-Free Childcare site](#). It should take about 20 minutes to set up, and you'll need your national insurance number to hand (if you're self-employed, you'll also need your unique taxpayer reference)

Funding Options Current Available – April 2024

We want to make sure that families use their funding to its full potential, and this is why we stretch all funding across the year instead of limiting it to the term time only.

Funded childcare 15 hours – Stretched to 11 hours a week.

All parents of 3 and 4 year-olds are entitled to the 15 hours of funding. From the term after your child's 3rd birthday and until they start school. It's known as the 15 hours funding since it relates to 15 hours of funded care term-time only.
