OUR STORY

The Fort Collins Soccer Club has grown from a two-team, 30 member volunteer organization in 1978 to the largest soccer club in Northern Colorado.

We are a non-profit educational organization, committed to developing every player to their highest potential. We encourage players to compete at the highest level of their ability.

Supported by an active and involved Board of Directors, the highly trained staff is experienced, educated and motivated to provide the best soccer experience possible.

We offer established and successful programs to more than 5,000 participants each season. The club consists of 5 divisions: Youth Recreational, Youth Competitive (Arsenal Colorado), Adult Men, Adult Women and Adult Coed. The Club also supports a strong referee training and mentoring program. There are a wide variety of player and coaching development opportunities for all levels and abilities.

OUR VISION

Arsenal Colorado is creating a nationally recognized soccer club that focuses on maximizing the development of all players consistent with their commitment. We accomplish this through consistent development of our coaching staff, employee growth, maximizing volunteer opportunities, offering outstanding service, and maintaining superior facilities.

OUR VALUES

Arsenal Colorado is dedicated to the idea that soccer is for everyone. Participation in youth sports has a proven positive impact on both an individual and community-wide level. These benefits should not be limited by financial constraints.

To this end, we maintain a robust scholarship fund to ensure that no player is ever turned away because they cannot afford the fees associated with the sport. We award more than \$90,000 annually to more than 500 qualified low-income families.
