

# Hospitality Volunteer Needs

## **Connections Team**

*First impressions are critical and you only get one. This is a multifaceted team that is made up of a few different positions, but all are comprised of friendly and engaging people.*

### **Connections Counter**

Connections Counter volunteers help people find information and next steps. They answer basic questions, provide resources, and direct guests to the right person, room, or online link.

### **Runner**

Runners escort guests and participants to the correct rooms and locations on campus. They provide clear, friendly guidance so people don't get lost and feel well cared for.

### **Engager**

Engagers initiate conversations with guests and those who appear new, helping them feel welcomed and noticed. They listen, answer basic questions, and connect people with the appropriate person, ministry, or next step—even if they've attended for a long time.

## **Bless the Pews Team**

Bless the Pews volunteers pray over the seats in the auditorium and ensure each chair has the necessary supplies. They serve quietly behind the scenes to support Sunday services and special events.

## **Front Desk**

Front Desk volunteers greet visitors, answer phones, and direct people to the appropriate staff or area. During slower moments, they assist with simple office tasks such as cutting, mailing, sorting, and organizing.
