

SKIING HAS NEVER BEEN EASIER!

Do you find it inconvenient to carry skis?

How annoying is the journey to get to the lifts?

We carry them on our shoulders, they are heavy and then they open...

Don't worry **SKIWHI HELPS YOU!**

Our device is a P.P.E.* that adapts to all weather conditions.

Pocket-sized, lockable, multipurpose and anti-cut.

In addition, it allows you to reduce multiple risks such as incorrect posture, especially in children.

At the end of the skiing, back home, with **SKIWHI** you can hang your sports equipment optimizing space.
