Date of Review:	September 2026

Arbor Academy Trust reviews this policy annually. The Trustees may, however, review the policy earlier than this, if the Government introduces new regulations, or if the Trust receives recommendations on how the policy might be improved. This document is also available in other formats e.g. e-mail and enlarged print version, on request to the School Offices and is displayed on the schools' websites.

Introduction

This policy applies to all School staff regardless of their employment status. It is to be read in conjunction with the School's Electronic Communications Policy. This policy does not form part of the terms and conditions of employee's employment with the School and is not intended to have contractual effect. However, it does set out the School's current practices and required standards of conduct and all staff are required to comply with its contents. Breach of the provisions of this policy will be treated as a disciplinary offence which may result in disciplinary action up to and including summary dismissal in accordance with the School's Disciplinary Policy and Procedure.

This Policy may be amended from time to time and staff will be notified of any changes no later than one month from the date those changes are intended to take effect.

In this policy, 'social media' means internet-based applications which allow users to collaborate or interact socially by creating and exchanging content, such as social networks or platforms, community sites, blogs, microblogging sites, wikis, web forums, social bookmarking services and user rating services.

Purpose of This Policy

The School recognises that the internet provides unique opportunities to participate in interactive discussions and share information on particular topics using a wide variety of social media such as Facebook, Twitter, LinkedIn, blogs, Instagram, TikTok, WhatsApp and Wikipedia. However, staff use of social media can pose risks to the School's confidential and proprietary information, its reputation and it can jeopardise our compliance with our legal obligations.

To minimise these risks, avoid loss of productivity and to ensure that our IT resources and communications systems are used only for appropriate work-related purposes, all School staff are required to comply with the provisions in this policy.

Social media platforms allow us to build connections and to share ideas and content more broadly and quickly, and the Trust supports their use. However, improper use of social media may give rise to a breach of your contract and/or the schools policies, and/or the following:

- Bullying, harassment and unlawful discrimination;
- Defamation (i.e., damaging the good reputation of another person or organisation);

- Contempt of court (i.e., interfering with the administration of justice e.g., by revealing someone's identity that had been protected by the courts);
- Breach of data protection laws;
- Misuse of confidential information belonging to the school or to its students/staff/parents/suppliers; and
- Damage to reputation of the user or school or to its students/staff/parents/suppliers.

Breach of this policy may result in disciplinary action up to and including dismissal.

Disciplinary action may be taken regardless of whether the breach is committed during working hours and regardless of whether the School's equipment or facilities are used for the purpose of committing the breach. Any member of staff suspected of committing a breach of this policy will be required to co-operate with our investigation, which may involve handing over relevant passwords and login details.

Personal use of social media is never permitted during working time or by means of our computers, networks and other IT resources and communications systems.

Staff should not use a work email address to sign up to any social media. Staff personal social media pages should not make reference to their employment with the School (excluding LinkedIn, where prior permission is sought from the Head of School/ Headteacher).

Staff must not take photos or posts from social media that belong to the School for their own personal use.

All Staff are advised not to use our IT resources and communications systems for any matter that he or she wishes to be kept private or confidential from the School.

Educational and Extra-Curricular Use of Social Media

If your duties require you to speak on behalf of the School in a social media environment, you must follow the protocol outlined below.

The Head of School may require you to undergo training before you use social media on behalf of the School and impose certain requirements and restrictions with regard to your activities.

Likewise, if you are contacted for comments about the School for publication anywhere, including in any social media outlet, you must direct the inquiry to the Head of School and must not respond without advanced written approval.

As part of this role, you will be required to ensure individuals have given prior consent before posting their personal information. You will also need to monitor the messages/posts coming through. Subject Access Requests (SARs) can be made via social media platforms.

Recruitment

The School may use internet searches to perform pre employment checks on candidates in the course of recruitment. This is after the shortlisting and interview stage in order to make a final decision on where to recruit, including criminal record information, references, information regarding qualifications. Where the School does this, it will act in accordance with its data protection and equal opportunities obligations.

The following sections of the policy provide staff with common-sense guidelines and recommendations for using social media responsibly and safely.

Responsible Use of Social Media

Photographs for use with social media:

Any photos for social media posts may only be taken using school cameras/devices or devices that have been approved in advance by the Head of School. Where any device is used that does not belong to the School, all photos must be deleted immediately from the device, once the photos have been uploaded to a device belonging to the School.

Staff protocol for use of social media:

Where any post is going to be made on the School's own social media the following steps must be taken:

1. Ensure that specific permission from the child's parent/carer has been sought before information is used on social media. Note: A parent/carer may have provided permission for one social media platform but not another. Staff should ensure that the appropriate permission is specific.
2. Ensure that there is no identifying information relating to a child/children in the post - for example, any certificates in photos are blank/without names or the child's name cannot be seen on the piece of work. The School should seek additional consent to include any names when posting on social media.
3. The post must be a positive and relevant post relating to the children, the good work of staff, the School or any achievements.
4. Social Media can also be used to issue updates or reminders to parents/guardians. The Head of School will have overall responsibility for this. Should you wish for any reminders to be issued you should contact the Head of School to ensure that any post can be issued.
5. The proposed post must be presented to the Head of School for confirmation that the post can 'go live' before it is posted on any social media site.
6. The Senior leadership will post the information but all staff have responsibility to ensure that the Social Media Policy has been adhered to.

7. Personal information shared/published on social media will be required to be disclosed under a subject access request.

Protecting our business reputation:

Staff must not post disparaging or defamatory statements about:

- i. The School;
- ii. Current, past or prospective Staff as defined in this policy
- iii. Current, past or prospective pupils
- iv. Parents, carers or families of (iii)
- v. The School's suppliers and services providers; and
- vi. Other affiliates and stakeholders.
- vii. Current, past or prospective governors

Staff should also avoid social media communications that might be misconstrued in a way that could damage the School's reputation, even indirectly.

If Staff are using social media they should make it clear in any social media postings that they are speaking on their own behalf. Staff should write in the first person and use a personal rather than School e-mail address when communicating via social media.

Staff are personally responsible for what they communicate in social media. Staff should be mindful that what they publish might be available to be read by the masses (including the School itself, future employers and social acquaintances) for a long time. Staff should keep this in mind before they post content.

If Staff disclose directly or indirectly their affiliation to the School as a member of Staff whether past, current or prospective, they must also state that their views do not represent those of the School.

Staff must ensure that their profile and any content posted are consistent with the professional image they are required to present to colleagues, pupils and parents.

Staff must avoid posting comments about confidential or sensitive School related topics. Even if Staff make it clear that their views on such topics do not represent those of the School, such comments could still damage the School's reputation and incur potential liability.

If a member of Staff is uncertain or concerned about the appropriateness of any statement or posting, they should refrain from making the communication until they have discussed it with his/her Line Manager or Head of Department.

If a member of Staff sees content on social media that disparages or reflects poorly on the School including its Staff, pupils, parents, service providers, stakeholders or governors, they are required to report this in the first instance to the Head of School without unreasonable delay. All staff are responsible for protecting the School's reputation.

Respecting intellectual property and confidential information:

Staff should not do anything to jeopardise School confidential information and intellectual property through the use of social media.

In addition, Staff should avoid misappropriating or infringing the intellectual property of other School's, organisations, companies and individuals, which can create liability for the School as well as the individual author.

Staff must not use the School's logos, brand names, slogans or other trademarks, or post any of our confidential or proprietary information without express prior written permission from the Head of School.

To protect yourself and the School against liability for copyright infringement, the Staff member should, where appropriate, reference sources of particular information you post or upload and cite them accurately. If you have any questions about whether a particular post or upload might violate anyone's copyright or trademark, ask the Head of School in the first instance before making the communication.

Respecting colleagues, pupils, parents, clients, service providers and stakeholders:

Staff must not post anything that their colleagues (past and/or current), pupils (prospective and/or current), parents, service provider, stakeholders or governors may find offensive, including discriminatory comments, insults or obscenity.

Staff must not post anything relating to colleagues (past and/or current) or pupils, parents (prospective and/or current) service providers, stakeholders or governors without their advanced written permission.

Monitoring and Review of This Policy

The Executive Principal together with the Head of School shall be responsible for reviewing this policy from time to time to ensure that it meets legal requirements and reflects best practice. The Trust Board has responsibility for approving any amendments prior to implementation.

The Head of School has responsibility for ensuring that any person who may be involved with administration or investigations carried out under this policy receives regular and appropriate training to assist them with these duties.

If Staff have any questions about this policy or suggestions for additions that they would like to be considered on review, they may do so by emailing the Head of School in the first instance.
