How trade gets interesting

SELL WHAT YOU DO. BUY WHAT YOU NEED.

An open appointment. A quiet table. Inventory ready to go.
Trade can turn that available business into something useful.

1 SELL

Serve another LTP member with products or services you already offer.

→

2 EARN

Your sale adds LTP trade dollars to your account.

→

3 SPEND

Use those trade dollars with other participating members.

No perfect swap required.

Your buyer and your seller can be different people.

PICTURE THIS...

Your business earns **LTP$300** from a member sale.
You buy **LTP$300 in printing** from a different member.
LTP records the sales, purchases and balance in your account.

What could trade take off your plate?

Pick 3 upcoming purchases. Look in the app. Tell your brokers.
We help connect what you offer with what you want to buy.

479-443-1977 | help@localtradepartners.com

Before booking: identify yourself as an LTP member and confirm price and availability. Pay taxes and tips separately.
