AMPELITE

PROUDLY AUSTRALIAN OWNED

PROTECTION   WATER   DON'T STEP

EasyClick PC is an ideal option for glazing and roofing in Patios, Greenhouses, Carports, Pool Enclosures, Office Partitions and more. EasyClick PC is the perfect product for the home handyman.

Assembly of EasyClick PC is so simple that it can easily be installed with standard tools. Cut panels to desired length, screw in place, snap in next panel and repeat, finish with aluminium EasyClick PC End Cap.
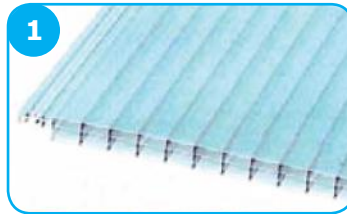

It's 4 wall construction is thermally efficient and offers high light transmission. Acting like a sunblock, it is opaque to UV rays, protecting patio furniture, vehicles, etc. from the harmful effects of the sun.
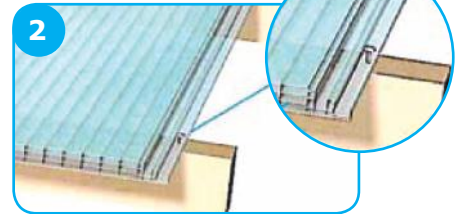

EasyClick PC™

Installation Guide

1 Cut to the required size.

2 Secure the panel onto each batten with a screw.

3 Match the next sheet edges carefully and press into place with a "click."
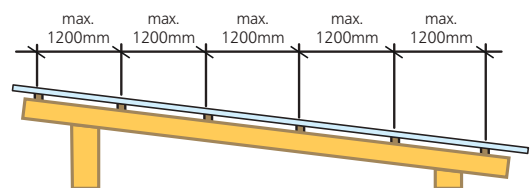

4 Apply a border of aluminum EasyClick PC End Cap, in conjunction with a bead of Polycarbonate compatable sealant to finish the edges.
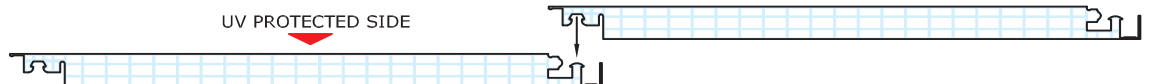

EasyClick PC SPECIFICATIONS
