

ABOUT CHILDREN'S HOSPITAL ASSOCIATION (CHA)

For almost 90 years, the Children's Hospital Association (CHA) has played a vital role in advancing pediatric care in the Twin Cities. Each year, CHA supports programs and services focusing on the broader social conditions that impact childhood health and well-being. Thanks to the philanthropic support of our community, we are able to provide these crucial "wrap-around" services that address a child's needs receiving care at Children's Minnesota within and beyond the hospital walls.

CHA is invested in supporting innovative, inclusive, and integral health care programs for children, their families, and our communities at Children's Minnesota.
