- full-size vehicles and street-legal motorcycles
- UTV, ATV and motorcycles (less than 62 in. width)
- ATV and motorcycles (less than 50 in. width)
- Rio Blanco County Road
- State Highway

Trail Difficulty Levels

- Green: ATV/OHV Trail (beginner): A gravelled or surfaced road with good sight distance.
- Blue: ATV/OHV Trail (intermediate): A two track road or trail with natural surfaces, moderate turns with limited sight distance, moderately steep sections with drop-offs, ruts, dips, and frequent changes in the riding surface.
- Black: ATV/OHV Trail (expert): A trail or very primitive two track road including steep, rough, and narrow segments, often with obstacles.

Trail conditions can change rapidly during and immediately after spring runoff and heavy thunderstorms.

Private Land: It is unlawful to gain access to public land by trespassing on private property. Never assume access, always seek permission.

Note: The ratings for this trail system are based on subjective comparison of trails within this system only. Newcomers are encouraged to begin their riding experience on the "beginner" or "intermediate" trail. This will establish a base for moving on to an "intermediate" or "expert" trail segment. Riders assume all risk associated with skill level, trail difficulty and conditions. The Town of Meeker, Rio Blanco County and Wagon Wheel OHV Club are not responsible for the accuracy of trail designation and classification.

Note: This map does not show all roads or areas restricting motorized travel. Therefore, if you are leaving a route specifically designated as an OHV trail, it is your responsibility to make sure the route you are riding in and the area you are entering is open to motorized use. Failure to do so could result in citations and penalties.
