

APPEER Voice

7th July 2025

Weekday Groups

This week, the Wednesday group met up at the park with their dogs. A lovely walk in the cooler weather. The Weekday Teen groups enjoyed making bread, and the whole building smelled wonderful. The Young Womens group enjoyed buying ice creams in the warm weather.

What's up?

Welcome to our weekly Appeer Voice.

Our online Ask Casey session went really well on Wednesday with lots and fabulous insight and tips from Casey along with some really valuable signposting and discussion point from our audience.

Watch this space for more information about our Friends of Appeer membership where you will get access to watch all our previous online talks and sessions.

Social Interest

It was our last Teen session before the Summer break this weekend! The clothes swap and clothes customisation workshop were a real hit so we hope to repeat these activities next year.

There are still places for our Summer programme at Elysian Farm from 28th of July - 1st August, this is a great opportunity to understand the workings of farm life.
