GLEN RUFUS PARK P58 (P)

**GRP S87(P)** calved first as a two-year-old. She has had four calves in four years, including a calf at foot.

**GRP P58(P)** calved first as a two-year-old and had six calves in six years before being PTE and sold. Three of her daughters have classified S while a herd bull son sold to the Carson Family last year. Her last is a yearling heifer, yet to be classified.

**Jackaroo V119(P) has been pulled into the sale late because he has impressed us with how he has come on. He was a baby in the GRP drop and didn't get the best start in life. He is an eye catching, particularly quiet bull who could easily fit into a bull breeding herd.**

**Note that V119 has not been Horn/Poll tested. He looks as though he could be homozygous polled (PP).**

**This bull will sell following Lot 58.**

ROSEVALE SALLY R517 (PS)

ROSEVALE SALLY K27

Sally R517(PS) had two calves in two years before being PTE and sold. Both were sons who classified S. They include a bull sold to the Crowther Family in last year's sale.

Sally K27 calved first as a two-year-old and had seven calves in seven years before being PTE and sold. Four classified S progeny include a son sold to the Carmichael Family.

Noble V734(P) is a particularly quiet, strong headed, early maturing, deep bodied bull.

This bull, along with the following lot, will sell after Lot 115 in the sale.

ROSEVALE JACKAROO J566 (P)

ROSEVALE JACKAROO P126 (P)

ROSEVALE TIARA H49 (P)

ROSEVALE MANGO M204 (P)

ROSEVALE JALARA Q649

ROSEVALE JALARA M267 (P)

Jalara Q649 had three calves in three years before being PTE and sold. She was pushed back to the end of the season in her second mating by a bull failure and kept breeding for another year before falling out of our system. Two of her calves classified S while a herd bull son sold to Paraway.

Jalara M267(P) calved first as a two-year-old. She had three calves in three years and was not mated for a fourth time. Two of her calves classified S.

Note that this bull is very young. His weight rankings sit him up with the high growth bulls of the sale and his EBVs confirm this. In addition, he is solid right across the range of traits, resulting in high \$Indexes. The P126 sons are super sound, long bodied cattle. This bloke will mature into an impressive sire.

V926 will sell after Lot 171, who will slot into the sale after Lot 115.
