CEO Report—October 2026

"The Lord is not slow to fulfill his promise as some count slowness, but is patient toward you, not wishing that any should perish, but that all should reach repentance." ~ 2 Peter 3:9

OCTOBER CEO

We want to make you aware of significant changes occurring in the Medicare Advantage landscape that may affect you or your loved one's health care coverage. The enrollment period will run October 15th through December 7th. One significant change involves UnitedHealthcare transitioning to Humana for PERA retirees enrolled in PERACare. For non-PERA retirees, UnitedHealthcare plans may also transition to new products. Depending on your individual plan, these changes could affect your providers, network, benefits, premiums, prescription coverage, and out-of-pocket costs.

As of the date of this letter, Eben Ezer is not in-network with Humana. We are actively seeking a contract with Humana but have not yet been successful. This is particularly important for anyone considering a Humana plan for 2027, as it could affect access to therapy services or skilled nursing/rehabilitation services at Eben Ezer.

We understand that navigating Medicare and Medicare Advantage plans can be overwhelming. Eben Ezer is committed to helping connect you with trusted resources; however, we do not recommend or select insurance plans for our neighbors. To assist you, we have compiled a trusted list of local Medicare advisors who are familiar with the plans available in our communities. These advisors can help you review your current coverage, understand your options, and determine whether a different plan may better meet your individual needs.

- Sharon Kaufman, Insurance Connection – 970-867-4822
- Jan Pflager, Taylor Insurance Agency – 970-867-5833
- Kim Zwetzig, Zwetzig Insurance – 970-768-0307

(Continued on next page)

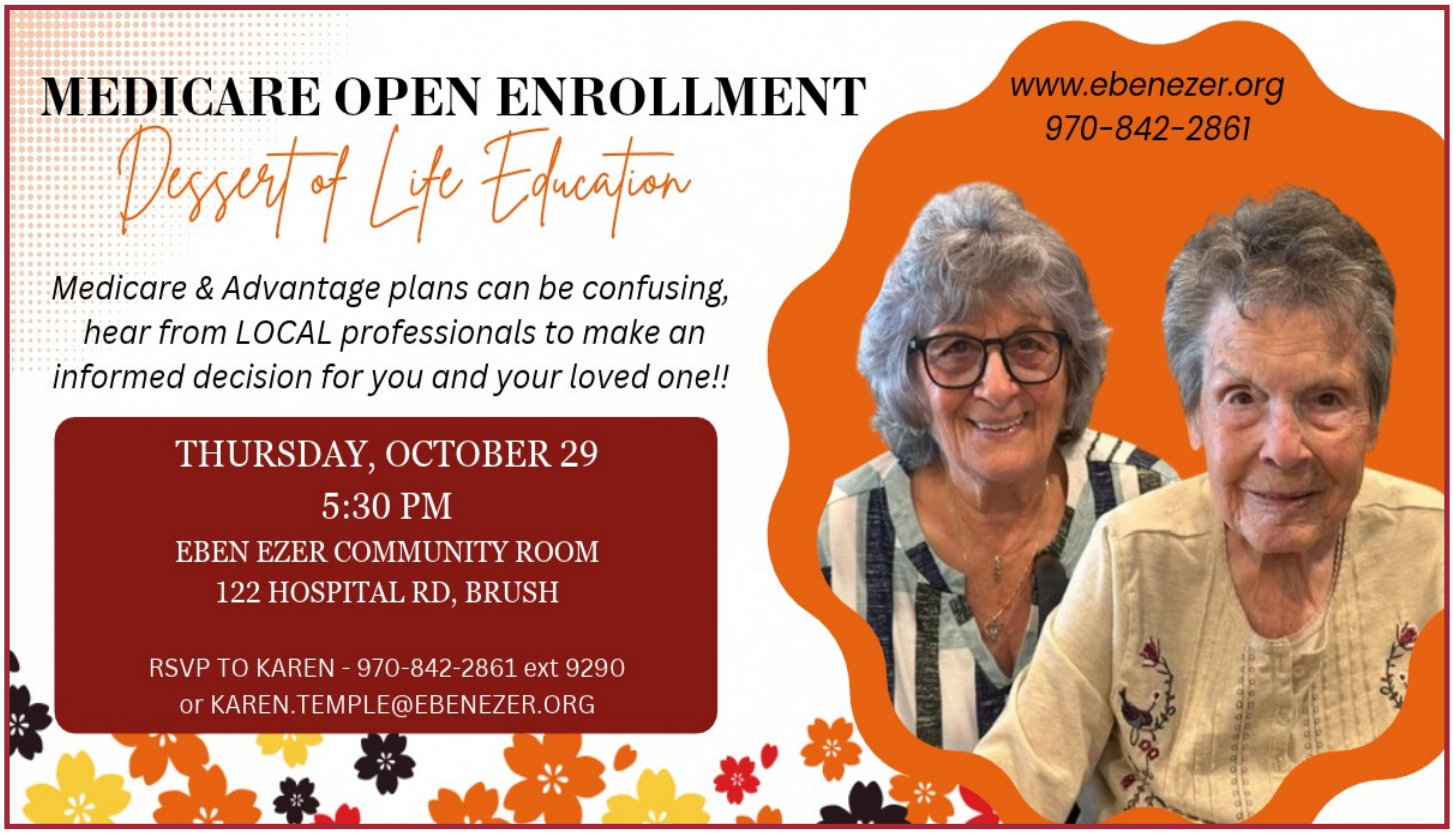

Gods Work. Our Hands.

We encourage you to begin reviewing your coverage early and consult with a qualified Medicare advisor before making any changes. When evaluating your options, you may want to consider:

- Whether your physicians, hospitals, rehabilitation, and skilled nursing benefits are in-network
- Whether your preferred pharmacy is included in the plan's network or coverage for prescriptions
- Premiums, deductibles, copayments, and other out-of-pocket expenses
- Whether your current or anticipated care needs are covered
- Any changes to your plan that will take effect in the upcoming plan year

Please remember that Medicare Advantage plans are individual insurance products, the right choice depends on each person's circumstances and anticipated health care needs. If you or your loved one requires ongoing long- term care, carefully consider how a plan may affect access to the services you need. Our goal is to help ensure you have access to the information and resources you need to make informed decisions about your health care coverage.
