About Redeemed Care Group

Redeemed Care Group, also known as Assured Nursing and Redeemed Home Services, provides supportive housing, care, and community-based support services for individuals who require assistance with daily living, structured care, and personalized support. The Brampton home offers a safe, clean, family-style living environment with daily routine, meals, companionship, reminders, life skills support, emotional support, and individualized planning.

Referral Snapshot

Best Fit

- High-functioning seniors and older adults
- Individuals needing safe housing, structure, and companionship
- People who can live safely in a shared home setting
- Families seeking more support than living alone

Referral Sources

- Families, caregivers, and substitute decision-makers
- Hospitals, discharge planners, and social workers
- Community agencies, non-profits, and senior centres
- Home-care providers, PSWs, rehab and physio clinics

Who May Be a Good Fit

Support Needs

- Needs a safe, supportive place to live
- Benefits from meals, reminders, and daily routines
- Requires light daily living support
- Benefits from emotional support and wellness check-ins
- Needs appointment reminders or follow-up support

Living Environment

- Can safely participate in shared living
- Can follow house expectations with support
- Would benefit from companionship
- Needs structure, stability, and routine
- Is generally independent or semi-independent

Important Admission Considerations

- Redeemed Care Group is not presented as a hospital, long-term care home, secure dementia unit, or emergency shelter.
- Admission is based on intake assessment, safety, support needs, fit, and whether the home can responsibly meet the person's needs.
- The home may not be appropriate where hospital-level care, intensive medical care, secure dementia care, immediate crisis stabilization, or 24/7 nursing is required unless specifically arranged and approved.

Services and Supports May Include

Supports are based on each resident's intake assessment, goals, risks, strengths, and level of support required.

Housing & Daily Support

- Safe residential housing
- Daily structure and routines
- Meal and food preparation support
- Hygiene reminders and household expectations
- Laundry and light daily living support

Life Skills & Independence

- Cooking, cleaning, laundry, and grocery planning
- Budgeting and financial literacy guidance
- Housing readiness and future planning
- Goal-setting for stability and independence

Health & Wellness

- Appointment reminders and follow-up support
- Medication routine reminders where required
- Healthy routines, nutrition, sleep, and hygiene
- Referrals to health and wellness supports as needed

Emotional Support

- Positive encouragement and check-ins
- Support with stress, anxiety, and conflict
- Emotional regulation and safer decision-making
- Individualized support planning

Referral Process

1**Initial Contact**

Call or email to discuss the potential referral and request the referral package.

2**Referral Information**

Submit basic resident information, current living situation, support needs, mobility, medication routine, and safety considerations.

3**Intake Conversation**

Redeemed Care Group meets with the prospective resident, family, caregiver, or referral source to review needs and fit.

4**Visit or Virtual Meeting**

A home visit or virtual meeting may be arranged so the resident and family understand the home, routines, and expectations.

5**Admission Review**

The team reviews whether the home can safely and appropriately support the prospective resident.

6**Move-In Planning**

If accepted, transition planning begins with documents, emergency contacts, belongings, routines, and move-in support.

Documents That May Be Requested

- Completed referral form
- Emergency contact information
- Medication list
- Allergy/dietary information
- Relevant health summary or discharge summary
- Consent to contact caregivers/professionals

Referral Form

Please complete what is available. Additional information can be collected during the intake conversation.
